To amend the Communications Act of 1934 in regard to protests of grants of instruments of authorization without hearing.

January 20, 1956
[H. R. 5614]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That subsection (c) of section 309 of the Communications Act of 1934, as amended, is amended to read as follows:

Communications
Act of 1934, a-
mendment.
66 Stat. 715.
47 USC 309.

“(c) When any instrument of authorization is granted by the Commission without a hearing as provided in subsection (a) hereof, such grant shall remain subject to protest as hereinafter provided for a period of thirty days. During such thirty-day period any party in interest may file a protest under oath directed to such grant and request a hearing on said application so granted. Any protest so filed shall be served on the grantee, shall contain such allegations of fact as will show the protestant to be a party in interest, and shall specify with particularity the facts relied upon by the protestant as showing that the grant was improperly made or would otherwise not be in the public interest. The Commission shall, within thirty days of the filing of the protest, render a decision making findings as to the sufficiency of the protest in meeting the above requirements; and, where it so finds, shall designate the application for hearing upon issues relating to all matters specified in the protest as grounds for setting aside the grant, except with respect to such matters as to which the Commission, after affording protestant an opportunity for oral argument, finds, for reasons set forth in the decision, that, even if the facts alleged were to be proven, no grounds for setting aside the grant are presented.

The Commission may in such decision redraft the issues urged by the protestant in accordance with the facts or substantive matters alleged in the protest, and may also specify in such decision that the application be set for hearing upon such further issues as it may prescribe, as well as whether it is adopting as its own any of the issues resulting from the matters specified in the protest. In any hearing subsequently held upon such application issues specified by the Commission upon its own initiative or adopted by it shall be tried in the same manner provided in subsection (b) hereof, but with respect to issues resulting from facts set forth in the protest and not adopted or specified by the Commission, on its own motion, both the burden of proceeding with the introduction of evidence and the burden of proof shall be upon the protestant. The hearing and determination of cases arising under this subsection shall be expedited by the Commission and pending hearing and decision the effective date of the Commission's action to which protest is made shall be postponed to the effective date of the Commission's decision after hearing, unless the authorization involved is necessary to the maintenance or conduct of an existing service, or unless the Commission affirmatively finds for reasons set forth in the decision that the public interest requires that the grant remain in effect, in which event the Commission shall authorize the applicant to utilize the facilities or authorization in question pending the Commission's decision after hearing."

"(2) If subsequent to August 1, 1955, but prior to the date of such reentry, there has been expended (other than by the United States) \$3,000,000 or more but less than \$10,000,000, for the capital repair or improvement, and reconstruction or rehabilitation, other than normal maintenance, of said property including any part thereof and the wharves, buildings, structures, or other installations thereon or therein, then and in such event the United States shall pay as the annual rent \$60,000 plus a sum equal to three-fifths of the annual fair rental value of said property on the date of such reentry.

"(3) If subsequent to August 1, 1955, but prior to the date of reentry, there has been expended (other than by the United States) \$10,000,000 or more for the capital repair or improvement, and reconstruction or rehabilitation, other than normal maintenance, of the said property including any part thereof, and the wharves, buildings, structures, or other installations thereon or therein, then and in such event the United States shall pay as the annual rent \$60,000 plus a sum equal to that part of the annual fair rental value of the property on the date of such reentry which is the same proportionate part of the annual fair rental value on that date as the excess of the fair market value of the premises on the date of such reentry over \$3,200,000 is of the total fair market value on that date.

"The deed shall further provide that during any period of reentry hereunder, the United States shall have the right to make additions, alterations, modifications, or improvements to the property and that such additions, alterations, modifications, or improvements placed in, upon, or attached to said property may be removed by the United States prior to the return of the property to the city of Newark or its lessee.

"Prior to or at the expiration of the state of war or other national emergency during and on account of which the right to reenter said property herein granted, is exercised, but not later than the expiration thereof, the property shall be returned to the city of Newark or if the property is then under lease, then to the city's then lessee: *Provided, however,* That unless the United States shall return the property and the wharves, buildings, structures, and installations thereon and therein in the same condition as at the time of reentry the fair and reasonable restoration costs (which costs shall include the fair and reasonable costs of the reinstallation of any machinery, equipment, or fixtures placed on the property prior to the reentry and removed therefrom by or at the request of the United States during the period of its occupancy), as agreed upon by the United States and the city of Newark or if the property is then under lease, then by the United States and the city's then lessee shall be allocated between the United States and the city of Newark or its then lessee as follows:

“(a) If the annual rent paid by the United States is computed in accordance with subparagraph (1) hereinabove, then and in that event the United States shall pay no part of such costs;

“(c) If the annual rent paid by the United States is computed in accordance with subparagraph (3) hereinabove, the United States shall pay to the city of Newark or, if the property is then under lease, then to the city’s then lessee so much of the said costs as is the same proportionate part of the total of such costs as the annual rental paid by the United States (less \$60,000) is of the annual fair rental value.

“In the computation of restoration costs damage caused by reasonable wear and tear, by action of the elements, or by circumstances beyond the control of the United States other than acts of war or of enemies of the United States, shall be excluded.

“If the United States and the city of Newark or its then lessee are unable to agree on the fair and reasonable restoration costs, then said costs shall be determined by the United States District Court in and for the District of New Jersey in accordance with the provisions of this Act and jurisdiction is conferred on that court for such purpose.”

SEC. 2. To amend the Internal Revenue Code of 1939 to provide a credit against the estate tax for Federal estate taxes paid on certain prior transfers.

Estate taxes.
Credit.
53 Stat. 120; 68A
Stat. 373.
26 USC 2001 et
seq.; 26 USC app.
811 et seq.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That subpart I of part II of subchapter A of chapter 3 of the Internal Revenue Code of 1939 (relating to computation of estate tax) is hereby amended by adding at the end thereof the following new section:

“SEC. 814. CREDIT FOR TAX ON CERTAIN PRIOR TRANSFERS.

“(a) GENERAL RULE.—If the executor so elects, the tax imposed by sections 810 and 935 in the case of a decedent (but only if the decedent

was a citizen or resident of the United States at the time of his death) dying after December 31, 1951, shall be credited with all or a part of the amount of the Federal estate tax paid with respect to the transfer of property (including property passing as a result of the exercise or nonexercise of a power of appointment) to the decedent by or from a person (herein designated as a 'transferor') who was the spouse of the decedent at the time of such person's death and who died within two years before the decedent's death. The credit shall be the amount determined under subsections (b) and (c).

"(b) COMPUTATION OF CREDIT.—Subject to the limitation prescribed in subsection (c), the credit provided by this section shall be an amount which bears the same ratio to the estate tax paid (adjusted as indicated hereinafter) with respect to the estate of the transferor as the value of the property transferred bears to the net estate of the transferor (determined for purposes of the tax imposed by section 935) decreased by any death taxes paid with respect to such estate and increased by the exemption provided for by section 935 (c) in determining the net estate of the transferor for purposes of the estate tax. For purposes of the preceding sentence, the estate tax paid shall be the Federal estate tax paid increased by any credits allowed against such estate tax under sections 813 (a) and 936 (b) on account of gift tax, and for any credits allowed against such estate tax under this section on account of prior transfers where the transferor acquired property from a person who died within two years before the death of the decedent.

"(c) LIMITATION ON CREDIT.—

"(1) IN GENERAL.—The credit provided in this section shall not exceed the amount by which—

"(A) the estate tax imposed by sections 810 and 935 (after deducting the credits for State death taxes, gift tax, and foreign death taxes provided for in sections 810, 813, and 936) computed without regard to this section, exceeds

"(B) such tax computed by excluding from the decedent's gross estate the value of such property transferred and, if applicable, by making the adjustment hereinafter indicated. If any deduction is otherwise allowable under section 812 (d) (relating to charitable deduction) then, for the purpose of the computation indicated in subparagraph (B), the amount of such deduction shall be reduced by that part of such deduction which the value of such property transferred bears to the decedent's entire gross estate reduced by the deductions allowed under section 812 (b) (relating to deduction for expenses, losses, etc.). For purposes of this section, the value of such property transferred shall be the value as provided for in subsection (d) of this section.

"(2) TWO OR MORE TRANSFERORS.—If the credit provided in this section relates to property received from two or more transferors, the limitation provided in paragraph (1) of this subsection shall be computed by aggregating the value of the property so transferred to the decedent. The aggregate limitation so determined shall be apportioned in accordance with the value of the property transferred to the decedent by each transferor.

"(d) VALUATION OF PROPERTY TRANSFERRED.—The value of property transferred to the decedent shall be the value used for the purpose of determining the Federal estate tax liability of the estate of the transferor but—

"(1) there shall be taken into account the effect of the tax imposed by sections 810 and 935, or any estate, succession, legacy, or inheritance tax, on the net value to the decedent of such property;

"(2) where such property is encumbered in any manner, or where the decedent incurs any obligation imposed by the transferor with respect to such property, such encumbrance or obligation shall be taken into account in the same manner as if the amount of a gift to the decedent of such property was being determined; and

"(3) if the decedent was the spouse of the transferor at the time of the transferor's death, the net value of the property transferred to the decedent shall be reduced by the amount allowed under section 812 (e) (relating to marital deductions) as a deduction from the gross estate of the transferor.

"(e) **PROPERTY DEFINED.**—For purposes of this section, the term 'property' includes any beneficial interest in property, including a general power of appointment (as defined in section 811 (f)).

"(f) **DENIAL OF DEDUCTION FOR PROPERTY PREVIOUSLY TAXED.**—If the executor elects the credit provided by this section, the deduction provided by section 812 (c) shall not be allowed."

Restriction.

SEC. 2. No interest shall be allowed or paid on any overpayment resulting from the amendment made by the first section of this Act. Approved February 20, 1956.

(e) The Secretary is authorized, subject to such rules and regulations as he may prescribe, to turn over to any contracting organization or to an organization which is designated by it for that purpose and which is satisfactory to the Secretary the care, operation, and maintenance of such portions of the Ventura River project as are used solely or principally for the benefit of that organization.

“(b) **MAXIMUM DEDUCTION.**—

“(1) **IN GENERAL.**—The reserve and other policy liability deduction shall in no case exceed that amount which is equal to the sum of the following:

“(A) the amount equal to 2 times the amount determined under paragraph (1) of section 805 (c) (relating to required interest on life insurance reserves);

“(B) the amount determined under paragraph (2) of section 805 (c) (relating to required interest on reserves for deferred dividends);

“(C) the amount of the interest paid (as defined in section 805 (d));

“(D) the dividends to policyholders paid or declared (other than dividends on contracts meeting the requirements of subsection (d) (2) (A)); and

“(E) in the case of a mutual assessment life insurance company or association, the amount equal to 2 times whichever of the following is the lesser: (i) the amount of the net investment income on life insurance reserves described in subparagraph (A) or (B) of section 801 (b) (3), or (ii) 3 percent of the life insurance reserves so described,

reduced by the amount of the adjustment for policy loans provided in paragraph (2) of this subsection. For purposes of subparagraph (D) of the preceding sentence, the term ‘paid or declared’ shall be construed according to the method of accounting regularly employed in keeping the books of the insurance company.

“(2) **REDUCTION FOR CERTAIN POLICY LOANS.**—The adjustment described in paragraph (1) of this subsection shall be an amount equal to—

“(A) the mean of the aggregates, at the beginning and end of the taxable year, of the outstanding policy loans with respect to contracts for which life insurance reserves are maintained, multiplied by

“(B) the average rate of interest applicable to life insurance reserves.

For purposes of subparagraph (B) of the preceding sentence, the term ‘average rate of interest applicable to life insurance reserves’

68A Stat. 72.
26 USC 242.

means the ratio obtained by dividing the sum obtained under paragraph (1) of section 805 (c) by the sum obtained under paragraph (1) (B) of section 805 (c).

"(3) DIVIDENDS RECEIVED DEDUCTION WHERE MAXIMUM LIMIT APPLIES.—

"(A) If paragraph (1) of this subsection reduces the reserve and other policy liability deduction allowed by this section or section 812 for the taxable year, then in computing life insurance taxable income under section 802 (b), and in computing life insurance company taxable income under section 811 (b), there shall be allowed an additional deduction in an amount determined under subparagraph (B).

"(B) The amount of the additional deduction referred to in subparagraph (A) shall be the amount which bears the same ratio to the total of the deductions provided in sections 243, 244, and 245 as the net investment income reduced by the sum of—

"(i) the net investment income allocable to non-life insurance reserves (or, for purposes of section 811 (b), the amount of the adjustment for certain reserves provided in section 813), and

"(ii) 100/85 of the maximum limitation determined under paragraphs (1) and (2) of this subsection, bears to the net investment income.

"(c) **QUALIFIED RESERVES DEFINED.**—For purposes of this subpart, the term 'qualified reserves' means the sum of the following:

"(1) The life insurance reserves (as defined in section 801 (b)), plus 7 percent of that portion of such reserves as are computed on a preliminary term basis.

"(2) The non-life insurance reserves (as defined in subsection (d) (2)).

"(3) The amounts (discounted at the rates of interest assumed by the company) necessary to satisfy the obligations under insurance and annuity contracts (including contracts supplementary thereto), but only if (A) such obligations when satisfied will reflect an increment in the nature of interest, and (B) such obligations do not involve (at the time with respect to which the computation is made under this paragraph) life, health, or accident contingencies.

"(4) The amounts held at the end of the taxable year as reserves for dividends to policyholders, the payment of which dividends is deferred for a period which expires not earlier than 5 years from the date of the policy contract. This paragraph does not apply to dividends payable during the year following the taxable year.

"(5) Dividend accumulations, and other amounts, held at interest in connection with insurance or annuity contracts (including contracts supplementary thereto).

"(6) Premiums received in advance, and liabilities for premium deposit funds.

In applying this subsection the same item shall be counted only once. For purposes of this section (other than paragraph (4) of this subsection), the amount of any reserve (or portion thereof) for any taxable year shall be the mean of such reserve (or portion thereof) at the beginning and end of the taxable year.

"(d) NET INVESTMENT INCOME ALLOCABLE TO NON-LIFE INSURANCE RESERVES.—

"(1) **ALLOCATION RATIO.**—For purposes of this subpart, the net investment income allocable to non-life insurance reserves is

that amount which bears the same ratio to the net investment income as such reserves bear to the qualified reserves.

“(2) **NON-LIFE INSURANCE RESERVES DEFINED.**—For purposes of this subpart, the term ‘non-life insurance reserves’ means the sum of the unearned premiums and the unpaid losses (whether or not ascertained)—

“(A) on contracts other than life insurance, annuity, and noncancellable health and accident insurance contracts (including life insurance or annuity contracts combined with noncancellable health and accident insurance), and

“(B) which are not included in life insurance reserves (as defined in section 801 (b)).

For purposes of this paragraph, such unearned premiums shall not be considered to be less than 25 percent of the net premiums written during the taxable year on such other contracts.

“(3) **ADJUSTMENTS WITH RESPECT TO CERTAIN NON-LIFE INSURANCE CONTRACTS.**—For purposes of this subpart, if—

“(A) any computation under this subpart is made by reference to a contract meeting the requirements of paragraph (2) (A) of this subsection, and

“(B) part of the reserves for such contract are life insurance reserves,

then, under regulations prescribed by the Secretary or his delegate, proper adjustment shall be made in the amount taken into account with respect to such contract for purposes of such computation.

“SEC. 805. SPECIAL INTEREST DEDUCTION.

“(a) **SPECIAL INTEREST DEDUCTION.**—For purposes of the tax imposed by section 802 (and the tax imposed by section 811), there shall be allowed a special interest deduction determined as follows:

“(1) Divide the amount of the adjusted net investment income (as defined in subsection (b)) by the amount of the required interest (as defined in subsection (c)).

“(2) If the quotient obtained in paragraph (1) is 1.05 or more, the special interest deduction shall be zero.

“(3) If the quotient obtained in paragraph (1) is 1.00 or less, the special interest deduction shall be an amount equal to 50 percent of the amount by which—

“(A) the net investment income (reduced by the net investment income allocable to non-life insurance reserves), exceeds

“(B) the reserve and other policy liability deduction for the taxable year.

“(4) If the quotient obtained in paragraph (1) is more than 1.00 but less than 1.05, the special interest deduction shall be the amount obtained by multiplying—

“(A) the amount by which (i) the net investment income (reduced by the net investment income allocable to non-life insurance reserves) exceeds (ii) the reserve and other policy liability deduction for the taxable year, by

“(B) 10 times the difference between the figure 1.05 and the quotient obtained in paragraph (1).

“(b) **ADJUSTED NET INVESTMENT INCOME.**—For purposes of subsection (a) (1), the term ‘adjusted net investment income’ means—

“(1) the net investment income (computed without the deduction for wholly-exempt interest allowed by section 803 (c) (1)), minus

“(2) 50 percent of the net investment income allocable to non-life insurance reserves.

“(c) **REQUIRED INTEREST.**—For purposes of subsection (a) (1), the term ‘required interest’ means the total of—

“(1) the sum of the amounts obtained by multiplying—

“(A) each rate of interest assumed in computing the taxpayer’s life insurance reserves, by

“(B) the means of the amounts of the taxpayer’s life insurance reserves computed at such rate at the beginning and end of the taxable year, plus 7 percent of the portion of such reserves at such rate as are computed on a preliminary term basis;

“(2) the sum of the amounts obtained by multiplying—

“(A) each rate of interest assumed in computing the taxpayer’s reserves for deferred dividends described in section 804 (c) (4), by

“(B) the means of the amounts of such reserves computed at such rate at the end of the taxable year; and

“(3) interest paid.

“(d) **INTEREST PAID.**—For purposes of subsection (c) (3), the term ‘interest paid’ means—

“(1) all interest paid or accrued within the taxable year on indebtedness, except on indebtedness incurred or continued to purchase or carry obligations (other than obligations of the United States issued after September 24, 1917, and originally subscribed for by the taxpayer) the interest on which is wholly exempt from taxation under this chapter; and

“(2) all amounts in the nature of interest, whether or not guaranteed, paid or accrued within the taxable year on insurance or annuity contracts (or contracts arising out of insurance or annuity contracts) which do not involve, at the time of payment or accrual, life, health, or accident contingencies.

“SEC. 811. TAX IMPOSED.

“(a) **TAX IMPOSED.**—A tax is hereby imposed, on the life insurance company taxable income of every life insurance company, for each taxable year beginning after December 31, 1955. Such tax shall consist of—

68A Stat. 11.
26 USC 11.

“(1) a normal tax on such income computed under section 11 (b), and

“(2) a surtax on such income computed under section 11 (c).

“(b) **LIFE INSURANCE COMPANY TAXABLE INCOME DEFINED.**—For purposes of this subpart, the term ‘life insurance company taxable income’ means the net investment income (as defined in section 803 (c))—

“(1) minus the reserve and other policy liability deduction allowed by section 812,

“(2) minus the special interest deduction, if any, allowed by section 805, and

“(3) plus the amount of the adjustment for certain reserves provided in section 813.

68A Stat. 72.
26 USC 242.

For purposes of the normal tax, the life insurance company taxable income shall be reduced by the deduction provided in section 242 for partially tax-exempt interest.

“(c) **RULE FOR COMPUTATION OF SPECIAL INTEREST DEDUCTION.**—In computing the special interest deduction under section 805 in the case of any taxable year with respect to which a tax is imposed under this section—

“(1) in lieu of the reduction of the net investment income provided in paragraphs (3) (A) and (4) (A) of section 805 (a), the net investment income shall be reduced by the amount of the adjustment for certain reserves provided in section 813, and

“(2) in lieu of subtracting the amount provided in paragraph (2) of section 805 (b), subtract 50 percent of the amount of the adjustment for certain reserves provided in section 813.

“**SEC. 812. RESERVE AND OTHER POLICY LIABILITY DEDUCTION.**

“(a) **GENERAL RULE.**—For purposes of this subpart, the term ‘reserve and other policy liability deduction’ means an amount computed by multiplying the net investment income by a figure, to be determined and proclaimed by the Secretary or his delegate for each taxable year with respect to which a tax is imposed by section 811. This figure shall be based on such data with respect to life insurance companies for the preceding taxable year as the Secretary or his delegate considers representative and shall be computed in accordance with the following formula: The ratio which a numerator comprised of the aggregate of the sums of—

“(1) 2 percent of the reserves for deferred dividends,

“(2) interest paid, and

“(3) the product of—

“(A) the mean of the adjusted reserves at the beginning and end of the taxable year, and

“(B) the reserve earnings rate,

bears to a denominator comprised of the aggregate of the excess of net investment incomes (computed without the deduction for wholly-exempt interest allowed by section 803 (c) (1)) over the adjustment for certain reserves provided in section 813.

“(b) **DEFINITIONS.**—For purposes of subsection (a)—

“(1) **RESERVES FOR DEFERRED DIVIDENDS.**—The term ‘reserves for deferred dividends’ has the same meaning as when used in section 804 (c) (4).

“(2) **INTEREST PAID.**—The term ‘interest paid’ has the meaning given to such term by section 805 (d).

“(3) **ADJUSTED RESERVES.**—The term ‘adjusted reserves’ means the life insurance reserves (as defined in section 801 (b)), plus 7 percent of that portion of such reserves as are computed on a preliminary term basis.

“(4) **RESERVE EARNINGS RATE.**—The term ‘reserve earnings rate’ means a rate computed by adding 2.1125 percent (65 percent of $3\frac{1}{4}$ percent) to 35 percent of the average rate of interest assumed in computing life insurance reserves. Such average rate shall be calculated by multiplying each assumed rate of interest by the means of the amounts of the adjusted reserves computed at that rate at the beginning and end of the taxable year and dividing the sum of the products by the mean of the total adjusted reserves at the beginning and end of the taxable year.

“(c) **MAXIMUM DEDUCTION.**—The reserve and other policy liability deduction allowed by subsection (a) of this section shall in no case exceed an amount equal to the amount which would be determined under subsection (b) of section 804 if such subsection applied with respect to the taxable year.

“SEC. 813. ADJUSTMENT FOR CERTAIN RESERVES.

“In the case of a life insurance company writing contracts other than life insurance, annuity, and noncancellable health and accident insurance contracts (including life insurance or annuity contracts combined with noncancellable health and accident insurance), the term ‘adjustment for certain reserves’ means, for purposes of this subpart, an amount equal to $3\frac{1}{4}$ percent of the unearned premiums and unpaid losses on such other contracts which are not included in life insurance reserves (as defined in section 801 (b)). For purposes of this section, such unearned premiums shall not be considered to be less than 25 percent of the net premiums written during the taxable year on such other contracts.

by such other method as may be prescribed in regulations.

“(1) If wages are paid with respect to a period which is not a payroll period, the amount to be deducted and withheld shall be that applicable in the case of a miscellaneous payroll period containing a number of days, including Sundays and holidays, equal to the number of days in the period with respect to which such wages are paid.

“(2) In any case in which wages are paid by an employer without regard to any payroll period or other period, the amount to be deducted and withheld shall be that applicable in the case of a miscellaneous payroll period containing a number of days equal to the number of days (including Sundays and holidays) which have elapsed since the date of the last payment of such wages by such employer during the calendar year, or the date of commencement of employment with such employer during such year, or January 1 of such year, whichever is the later.

“(3) In determining the amount to be deducted and withheld under this section the wages may, at the election of the employer, be computed to the nearest dollar.

“(4) The Commissioners may, by regulations, authorize employers—

“(A) to estimate the wages which will be paid to any employee in any quarter of the calendar year;

“(B) to determine the amount to be deducted and withheld upon each payment of wages to such employee during such quarter as if the appropriate average of the wages so estimated constituted the actual wages paid; and

“(C) to deduct and withhold upon any payment of wages to such employee during such quarter such amount as may be necessary to adjust the amount actually deducted and withheld upon the wages of such employee during such quarter to the amount that would be required to be deducted and withheld during such quarter if the payroll period of the employee were quarterly.

“(5) The Commissioners are authorized to provide by regulation, under such conditions and to such extent as they deem proper, for withholding in addition to that otherwise required under this section in cases in which the employer and the employee agree to such additional withholding. Such additional withholding shall for all purposes be considered the tax required to be deducted and withheld under this section.

“(c) OVERLAPPING PAY PERIODS.—If payment of wages is made to an employee by an employer—

“(1) with respect to a payroll period or other period, any part of which is included in a payroll period or other period with respect to which wages are also paid to such employee by such employer;

“(4) A withholding exemption certificate which takes effect under this section shall continue in effect with respect to the employer until another such certificate takes effect under this section. If a withholding exemption certificate is furnished to take the place of an existing certificate, the employer, at his option, may continue the old certificate in force with respect to all wages paid on or before the first status determination date, January 1 or July 1 of each year, which occurs at least thirty days after the date on which such new certificate is furnished.

“(5) If, on any day during the calendar year, the withholding exemptions to which the employee may reasonably be expected to be entitled at the beginning of his next taxable year is different from the exemptions to which the employee is entitled on such day, the employee shall in such cases and at such times as the Commissioners may prescribe, furnish the employer with a withholding exemption certificate relating to the exemptions which he claims with respect to such next taxable year, which shall in no event exceed the exemptions to which he may reasonably be expected to be so entitled. Exemption certificates issued pursuant to this subsection shall not take effect with respect to any payment of wages made in the calendar year in which the certificate is furnished.

“(6) If, on any day during the calendar year, the withholding exemptions to which the employee is entitled is less than the withholding exemptions claimed by the employee on the withholding

exemption certificate then in effect with respect to him, the employee shall, within ten days thereafter, furnish the employer with a new withholding exemption certificate relating to the withholding exemptions which the employee then claims, which shall in no event exceed the exemptions to which he is entitled on such day. If, on any day during the calendar year, the withholding exemptions to which the employee is entitled is greater than the withholding exemptions claimed, the employee may furnish the employer with a new withholding exemption certificate relating to the withholding exemptions which the employee then claims, which shall in no event exceed the exemptions to which he is entitled on such day.

(c) All revenues collected in connection with the operation of the Colorado River storage project and participating projects shall be credited to the Basin Fund, and shall be available, without further appropriation, for (1) defraying the costs of operation, maintenance, and replacements of, and emergency expenditures for, all facilities of the Colorado River storage project and participating projects, within such separate limitations as may be included in annual appropriation acts: *Provided*, That with respect to each participating project, such costs shall be paid from revenues received from each such project; (2) payment as required by subsection (d) of this section; and (3) payment as required by subsection (e) of this section. (3) interest on the unamortized balance of the investment (including interest during construction) in the power and municipal water supply features of each unit, participating project, or any separable feature thereof, at a rate determined by the Secretary of the Treasury as provided in subsection (f), and interest due shall be a first charge; and

(4) the costs of each storage unit which are allocated to irrigation pursuant to section 6 of this Act within a period not exceeding fifty years.

Apportionment of
revenues.

(e) Revenues in the Basin Fund in excess of the amounts needed to meet the requirements of clause (1) of subsection (c) of this section, and to return to the general fund of the Treasury the costs set out in subsection (d) of this section, shall be apportioned among the States of the Upper Division in the following percentages: Colorado, 46 per centum; Utah, 21.5 per centum; Wyoming, 15.5 per centum; and New Mexico, 17 per centum: *Provided*, That prior to the application of such percentages, all revenues remaining in the Basin Fund from each participating project (or part thereof), herein or hereinafter authorized, after payments, where applicable, with respect to such projects, to the general fund of the Treasury under subparagraphs (1), (2), and (3) of subsection (d) of this section shall be apportioned to the State in which such participating project, or part thereof, is located.

Revenues so apportioned to each State shall be used only for the repayment of construction costs of participating projects or parts of such projects in the State to which such revenues are apportioned and shall not be used for such purpose in any other State without the con-

sent, as expressed through its legally constituted authority, of the State to which such revenues are apportioned. Subject to such requirement, there shall be paid annually into the general fund of the Treasury from the revenues apportioned to each State (1) the costs of each participating project herein authorized (except Paonia) or any separable feature thereof, which are allocated to irrigation pursuant to section 6 of this Act, within a period not exceeding fifty years, in addition to any development period authorized by law, from the date of completion of such participating project or separable feature thereof, or, in the case of Indian lands, payment in accordance with section 4 of this Act; (2) costs of the Paonia project, which are beyond the ability of the water users to repay, within a period prescribed in the Act of June 25, 1947 (61 Stat. 181); and (3) costs in connection with the irrigation features of the Eden project as specified in the Act of June 28, 1949 (63 Stat. 277).

(f) The interest rate applicable to each unit of the storage project and each participating project shall be determined by the Secretary of the Treasury as of the time the first advance is made for initiating construction of said unit or project. Such interest rate shall be determined by calculating the average yield to maturity on the basis of daily closing market bid quotations during the month of June next preceding the fiscal year in which said advance is made, on all interest-bearing marketable public debt obligations of the United States having a maturity date of fifteen or more years from the first day of said month, and by adjusting such average annual yield to the nearest one-eighth of 1 per centum.

(g) Business-type budgets shall be submitted to the Congress annually for all operations financed by the Basin Fund.

SEC. 6. Upon completion of each unit, participating project or separable feature thereof, the Secretary shall allocate the total costs (excluding any expenditures authorized by section 8 of this Act) of constructing said unit, project or feature to power, irrigation, municipal water supply, flood control, navigation, or any other purposes authorized under reclamation law. Allocations of construction, operation and maintenance costs to authorized nonreimbursable purposes shall be nonreturnable under the provisions of this Act. In the event that the Navajo participating project is authorized, the costs allocated to irrigation of Indian-owned tribal or restricted lands within, under, or served by such project, and beyond the capability of such lands to repay, shall be determined, and, in recognition of the fact that assistance to the Navajo Indians is the responsibility of the entire nation, such costs shall be nonreimbursable. On January 1 of each year the Secretary shall report to the Congress for the previous fiscal year, beginning with the fiscal year 1957, upon the status of the revenues from, and the cost of, constructing, operating, and maintaining the Colorado River storage project and the participating projects. ACQUISITION OF BANK SHARES OR ASSETS

SEC. 3. (a) It shall be unlawful except with the prior approval of the Board (1) for any action to be taken which results in a company becoming a bank holding company under section 2 (a) of this Act; (2) for any bank holding company to acquire direct or indirect ownership or control of any voting shares of any bank if, after such acquisition, such company will directly or indirectly own or control more than 5 per centum of the voting shares of such bank; (3) for any bank holding company or subsidiary thereof, other than a bank, to acquire all or substantially all of the assets of a bank; or (4) for any bank holding company to merge or consolidate with any other bank holding company. Notwithstanding the foregoing this prohibition shall not apply to (A) shares acquired by a bank, (i) in good faith in a fiduciary capacity, except where such shares are held for the benefit of the shareholders of such bank, or (ii) in the regular course of securing or collecting a debt previously contracted in good faith, but any shares acquired after the date of enactment of this Act in securing or collecting any such previously contracted debt shall be disposed of within a period of two years from the date on which they were acquired; or (B) additional shares acquired by a bank holding company in a bank in which such bank holding company owned or controlled a majority of the voting shares prior to such acquisition.

(b) Upon receiving from a company any application for approval under this section, the Board shall give notice to the Comptroller of the Currency, if the applicant company or any bank the voting shares or assets of which are sought to be acquired is a national banking association or a District bank, or to the appropriate supervisory authority of the interested State, if the applicant company or any bank the voting shares or assets of which are sought to be acquired is a State bank, and shall allow thirty days within which the views and recommendations of the Comptroller of the Currency or the State

supervisory authority, as the case may be, may be submitted. If the Comptroller of the Currency or the State supervisory authority so notified by the Board disapproves the application in writing within said thirty days, the Board shall forthwith give written notice of that fact to the applicant. Within three days after giving such notice to the applicant, the Board shall notify in writing the applicant and the disapproving authority of the date for commencement of a hearing by it on such application. Any such hearing shall be commenced not less than ten nor more than thirty days after the Board has given written notice to the applicant of the action of the disapproving authority. The length of any such hearing shall be determined by the Board, but it shall afford all interested parties a reasonable opportunity to testify at such hearing. At the conclusion thereof, the Board shall by order grant or deny the application on the basis of the record made at such hearing.

(c) In determining whether or not to approve any acquisition or merger or consolidation under this section, the Board shall take into consideration the following factors: (1) the financial history and condition of the company or companies and the banks concerned; (2) their prospects; (3) the character of their management; (4) the convenience, needs, and welfare of the communities and the area concerned; and (5) whether or not the effect of such acquisition or merger or consolidation would be to expand the size or extent of the bank holding company system involved beyond limits consistent with adequate and sound banking, the public interest, and the preservation of competition in the field of banking.

(d) Notwithstanding any other provision of this section, no application shall be approved under this section which will permit any bank holding company or any subsidiary thereof to acquire, directly or indirectly, any voting shares of, interest in, or all or substantially all of the assets of any additional bank located outside of the State in which such bank holding company maintains its principal office and place of business or in which it conducts its principal operations unless the acquisition of such shares or assets of a State bank by an out-of-State bank holding company is specifically authorized by the statute laws of the State in which such bank is located, by language to that effect and not merely by implication.

INTERESTS IN NONBANKING ORGANIZATIONS

SEC. 4. (a) Except as otherwise provided in this Act, no bank holding company shall—

(1) after the date of enactment of this Act acquire direct or indirect ownership or control of any voting shares of any company which is not a bank, or

(2) after two years from the date of enactment of this Act or from the date as of which it becomes a bank holding company, whichever is later, retain direct or indirect ownership or control of any voting shares of any company which is not a bank or a bank holding company or engage in any business other than that of banking or of managing or controlling banks or of furnishing services to or performing services for any bank of which it owns or controls 25 per centum or more of the voting shares.

The Board is authorized, upon application by a bank holding company, to extend the period referred to in paragraph (2) above from time to time as to such bank holding company for not more than one year at a time if, in its judgment, such an extension would not be detrimental to the public interest, but no such extensions shall extend beyond a date

five years after the date of enactment of this Act or five years after the date as of which a company becomes a bank holding company, whichever is later.

(b) After two years from the date of enactment of this Act, no certificate evidencing shares of any bank holding company shall bear any statement purporting to represent shares of any other company except a bank or a bank holding company, nor shall the ownership, sale, or transfer of shares of any bank holding company be conditioned in any manner whatsoever upon the ownership, sale, or transfer of shares of any other company except a bank or a bank holding company.

Nonapplicability
of prohibitions.

(c) The prohibitions in this section shall not apply—

(1) to shares owned or acquired by a bank holding company in any company engaged solely in holding or operating properties used wholly or substantially by any bank with respect to which it is a bank holding company in its operations or acquired for such future use or engaged solely in conducting a safe deposit business, or solely in the business of furnishing services to or performing services for such holding company and banks with respect to which it is a bank holding company, or in liquidating assets acquired from such bank holding company and such banks;

(2) to shares acquired by a bank holding company which is a bank, or by any banking subsidiary of a bank holding company, in satisfaction of a debt previously contracted in good faith, but such bank holding company or such subsidiaries shall dispose of such shares within a period of two years from the date on which they were acquired or from the date of enactment of this Act, whichever is later;

(3) to shares acquired by a bank holding company from any of its subsidiaries which subsidiary has been requested to dispose of such shares by any Federal or State authority having statutory power to examine such subsidiary, but such bank holding company shall dispose of such shares within a period of two years from the date on which they were acquired or from the date of enactment of this Act, whichever is later;

(4) to shares which are held or acquired by a bank holding company which is a bank or by any banking subsidiary of a bank holding company, in good faith in a fiduciary capacity, except where such shares are held for the benefit of the shareholders of such bank holding company or any of its subsidiaries, or to shares which are of the kinds and amounts eligible for investment by National banking associations under the provisions of section 5136 of the Revised Statutes, or to shares lawfully acquired and owned prior to the date of enactment of this Act by a bank which is a bank holding company, or by any of its wholly owned subsidiaries;

(5) to shares of any company which are held or acquired by a bank holding company which do not include more than 5 per centum of the outstanding voting securities of such company, and do not have a value greater than 5 per centum of the value of the total assets of the bank holding company, or to the ownership by a bank holding company of shares, securities, or obligations of an investment company which is not a bank holding company and which is not engaged in any business other than investing in securities, which securities do not include more than 5 per centum of the outstanding voting securities of any company and do not include any single asset having a value greater than 5 per centum of the value of the total assets of the bank holding company;

(6) to shares of any company all the activities of which are of a financial, fiduciary, or insurance nature and which the Board after due notice and hearing, and on the basis of the record made at such hearing, by order has determined to be so closely related to the business of banking or of managing or controlling banks as to be a proper incident thereto and as to make it unnecessary for the prohibitions of this section to apply in order to carry out the purposes of this Act;

(7) to any bank holding company which is a labor, agricultural, or horticultural organization and which is exempt from taxation under section 501 of the Internal Revenue Code of 1954; or

(8) to shares held or acquired by a bank holding company in any company which is organized under the laws of a foreign country and which is engaged principally in the banking business outside the United States.

(a) Within one hundred and eighty days after the date of enactment of this Act, or within one hundred and eighty days after becoming a bank holding company, whichever is later, each bank holding company shall register with the Board on forms prescribed by the Board, which shall include such information with respect to the financial condition and operations, management, and intercompany relationships of the bank holding company and its subsidiaries, and related matters, as the Board may deem necessary or appropriate to carry out the purposes of this Act. The Board may, in its discretion, extend the time within which a bank holding company shall register and file the requisite information.

(b) The Board is authorized to issue such regulations and orders as may be necessary to enable it to administer and carry out the purposes of this Act and prevent evasions thereof.

(c) The Board from time to time may require reports under oath to keep it informed as to whether the provisions of this Act and such regulations and orders issued thereunder have been complied with; and the Board may make examinations of each bank holding company and each subsidiary thereof, the cost of which shall be assessed against, and paid by, such holding company. The Board shall, as far as possible, use the reports of examinations made by the Comptroller of the Currency, the Federal Deposit Insurance Corporation, or the appropriate State bank supervisory authority for the purposes of this section.

(d) Before the expiration of two years following the date of enactment of this Act, and each year thereafter in the Board's annual report to the Congress, the Board shall report to the Congress the results of the administration of this Act, stating what, if any, substantial difficulties have been encountered in carrying out the purposes of this Act, and any recommendations as to changes in the law which in the opinion of the Board would be desirable.

Non-interest-bearing deposits to the credit of a bank shall not be deemed to be a loan or advance to the bank of deposit, nor shall the giving of immediate credit to a bank upon uncollected items received in the ordinary course of business be deemed to be a loan or advance to the depositing bank.

(b) The provisions of this section shall not apply (1) to the capital stock, bonds, debentures, or other obligations of any company described in section 4 (c) (1) of this Act, or (2) to any company whose subsidiary status has arisen out of a bona fide debt to the bank contracted prior to the date of the creation of such status, or (3) to any company whose subsidiary status exists by reason of the ownership or control of voting shares thereof by the bank as executor, administrator, trustee, receiver, agent, or depository, or in any other fiduciary capacity, except where such shares are held for the benefit of all or a majority of the stockholders of such bank.

“(A) Subsection (b) shall not apply with respect to any distribution by any corporation unless the Board certifies that, before the expiration of the period specified in subparagraph (B), the corporation has ceased to be a bank holding company.

To authorize the Territory of Alaska to incur indebtedness, and for other purposes.

May 10, 1956
[H. R. 4781]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Territory of Alaska is authorized and empowered, notwithstanding any provision of the Organic Act of Alaska or any other Act of Congress to the contrary, to borrow on the credit of the Territory from time to time such sums as may be necessary for constructing, altering, equipping, or acquiring public improvements including, but without limitation, schools, hospitals, colleges, offices, prisons, and other public buildings, and roads, water and sewer systems, wharves, docks, bridges, and other public facilities, and to issue bonds of the Territory for such borrowings. Such bonds shall be issued only by authorization of the Territorial legislature, shall bear such rates of interest as may be authorized by the law under which the bonds are issued, and shall be sold for not less than their principal amount plus accrued interest. The principal amount of such bonds outstanding at any one time shall not exceed \$20,000,000. The faith of the Territory shall be solemnly pledged to the payment of all such bonds according to their terms.

Alaska.
Public-improvement
bonds.

SEC. 2. No such bonded debt shall be contracted unless it shall be authorized by Territorial law for one or more public improvements, which shall be distinctly specified in such law. No such bonded debt shall be contracted for a period longer than the probable life of the works of improvement for which the debt is to be contracted nor, in any event, for a period longer than thirty years. A determination of such probable life provided by either a special or general law of the Territory in effect at the time the debt is contracted shall be conclusive.

SEC. 3. The bonds provided for in this Act shall be serial bonds the maturities of which shall be so scheduled as to provide for the payment of the principal of each issue of bonds in annual installments, which need not be equal. The earliest-maturing bonds of each issue shall become payable not more than three years from the date of the issue, and the latest-maturing bonds of each issue shall become payable before or upon the expiration of the probable life of the works of improvement for which the issue was made and, in any event, not more than thirty years from the date of the issue. The privilege of redeeming all or any part of the bonds of each issue prior to the

dates on which they respectively become due may be reserved to the Territory on such terms and conditions, which may include the payment of a premium, as may be prescribed by the law authorizing the issuance of the bonds. The Territorial legislature may provide means and authority whereby any such debt may be refunded, in accordance with any privilege of redemption reserved to the Territory, but any debt incurred for refunding purposes shall be payable in annual installments so scheduled as not to extend by more than six months the maturity of any portion of the debt so refunded.

Emergencies.

SEC. 4. The Territory of Alaska is authorized and empowered, notwithstanding any provision of the Organic Act or any other Act of Congress to the contrary, to borrow on the credit of the Territory from time to time, when the legislature of the Territory is not in session, such sums as may be necessary to meet emergencies for which funds are not made available by appropriation or otherwise, and to issue certificates of indebtedness of the Territory for such borrowings. Such certificates of indebtedness shall be issued only by authorization of the Territorial legislature, shall bear interest at not more than the commercial interest rate, shall be sold for not less than their principal amount, shall become payable at such time or times, not later than one month subsequent to the date of convening of the succeeding regular session of the legislature, as the Territorial treasurer or other officer designated by the law authorizing the issuance of such certificates may prescribe, and shall be subject to redemption by the Territory prior to their maturity. The principal amount of such certificates of indebtedness outstanding at any one time shall not exceed the sum by which the principal amount of the bonds then outstanding under this Act is less than \$20,000,000 and shall not, in any event, exceed \$200,000. The term "emergencies" as used in this section shall be defined by Territorial law and the Governor shall be empowered to apply, and shall determine the application of, such definition. The faith of the Territory shall be solemnly pledged to the payment of all such certificates of indebtedness according to their terms.

Issuance as negotiable instruments.

SEC. 5. The bonds and certificates of indebtedness provided for in this Act may be issued as negotiable instruments and, when so issued, shall be treated as negotiable instruments for all purposes. Such bonds or certificates of indebtedness may bear such date or dates, may be in such denominations, may carry such registration privileges, may be executed by such persons and in such manner, and may be subject to such other terms and conditions as may be prescribed, consistently with the requirements of this Act, by the laws authorizing their issuance, and shall be offered for sale on a competitive basis.

Tax levy, etc.

SEC. 6. The Territorial legislature shall provide in the law authorizing any such bonds or certificates of indebtedness, and thereafter, for the payment of the interest upon and the principal of such bonds or certificates of indebtedness as the same shall fall due, by the levy of an adequate tax or otherwise, and by seasonable appropriation for payment. If at the time when any such interest or principal falls due sufficient moneys have not been appropriated to pay the same, the Territorial treasurer shall pay such interest or principal out of the first revenues thereafter received by him that are applicable to the general funds of the Territory.

Guarantee of payment.

SEC. 7. The Territory of Alaska is authorized and empowered notwithstanding any provision of the Organic Act or any other Act of Congress to the contrary, to guarantee payment of bonds issued by municipalities, school districts and public utility districts in Alaska for constructing, altering, equipping, or acquiring public improvements of the nature for which the Territory may issue bonds in an aggregate amount which shall not at any one time exceed the sum by

which the principal amount of Territorial bonds and certificates of indebtedness then outstanding under this Act is less than \$20,000,000. The authority to guarantee bonds of such subdivisions shall be exercised in a manner prescribed in section 2 of this Act.

AN ACT

To enact the Agricultural Act of 1956.

Agricultural Act
of 1956.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Agricultural Act of 1956".

TITLE I—SOIL BANK ACT

SHORT TITLE

Soil Bank Act.

SEC. 101. This title may be cited as the "Soil Bank Act".

DECLARATION OF POLICY

SEC. 102. The Congress hereby finds that the production of excessive supplies of agricultural commodities depresses the prices and income of farm families; constitutes improper land use and brings about soil erosion, depletion of soil fertility, and too rapid release of water from lands where it falls, thereby adversely affecting the national welfare, impairing the productive facilities necessary for a continuous and stable supply of agricultural commodities, and endangering an adequate supply of water for agricultural and nonagricultural use; overtaxes the facilities of interstate and foreign transportation; congests terminal markets and handling and processing centers in the flow of commodities from producers to consumers; depresses prices in interstate and foreign commerce; disrupts the orderly marketing of commodities in such commerce; and otherwise affects, burdens, and obstructs interstate and foreign commerce. It is in the interest of the general welfare that the soil and water resources of the Nation be not wasted and depleted in the production of such burdensome surpluses and that interstate and foreign commerce in agricultural commodities be protected from excessive supplies. It is hereby declared to be the policy of the Congress and the purposes of this title to protect and increase farm income, to protect the national soil, water, and forest and wildlife resources from waste and depletion, to protect interstate and foreign commerce from the burdens and obstructions which result from the utilization of farmland for the production of excessive supplies of agricultural commodities, and to provide for the conservation of such resources and an adequate, balanced, and orderly flow of such agricultural commodities in interstate and foreign commerce. To effectuate the policy of Congress and the purposes of this title programs are herein authorized to assist farmers to divert a portion of their cropland from the production of excessive supplies of agricultural commodities, and to carry out a program of soil, water, forest and wildlife conservation. The activities authorized under this title are supplementary to the acreage allotments and marketing quotas authorized under the Agricultural Adjustment Act of 1938, as amended, and together with such acreage allotments and marketing quotas, constitute an over-all program to prevent excessive supplies of agricultural commodities from burdening and obstructing interstate and foreign commerce.

52 Stat. 31.
7 USC 1281.

SUBTITLE A—ACREAGE RESERVE PROGRAM

TERMS AND CONDITIONS

SEC. 103. (a) Notwithstanding any other provision of law, the Secretary of Agriculture (hereinafter referred to as the "Secretary") is authorized and directed to formulate and carry out an acreage reserve program for the 1956, 1957, 1958, and 1959 crops of wheat, cotton, corn produced in the commercial corn-producing area, peanuts, rice, flue-cured tobacco, burley tobacco, Maryland tobacco, dark air-cured tobacco, fire-cured tobacco, Virginia sun-cured tobacco, cigar binder tobacco types 51, 52, 54, and 55, Ohio cigar filler tobacco types 42, 43, and 44, respectively (hereinafter referred to as "the commodity"), under which producers shall be compensated for reducing their acreages of the commodity below their farm acreage allotments or their farm base acreages, whichever may be applicable. To be eligible for such compensation the producer (1) shall reduce his acreage of the commodity below his farm acreage allotment or farm base acreage, whichever may be applicable, within such limits as the Secretary may prescribe, (2) shall specifically designate the acreage so withdrawn from the production of such commodity (hereinafter referred to as the "reserve acreage"), and (3) shall not harvest any crop from, or graze, the reserve acreage unless the Secretary, after certification by the Governor of the State in which such acreage is situated of the need for grazing on such acreage, determines that it is necessary to permit grazing thereon in order to alleviate damage, hardship, or suffering caused by severe drought, flood, or other natural disaster, and consents to such grazing. Reserve acreage of a commodity may include acreage whether or not planted to the production of the 1956 crop of the commodity prior to the announcement of the acreage reserve program for the 1956 crop if the crop thereon, if any, shall be plowed under or otherwise physically incorporated into the soil, or clipped, mowed, or cut to prevent maturing so that the reduction in acreage of the commodity below the acreage allotment occurs not later than 21 days after the enactment of this title, or by such later date as may be fixed by the Secretary. The reserve acreage shall be in addition to any acreage devoted to the conservation reserve program authorized under subtitle B of this title. The acreage reserve program may include such terms and conditions, in addition to those specifically provided for herein, including provisions relating to control of noxious weeds on the reserve acreage, as the Secretary determines are desirable to effectuate the purposes of this title and to facilitate the practical administration of the acreage reserve program.

Before any producer is entitled to receive any compensation for participating in the acreage reserve program, he must first enter into a contract with the Secretary, which contract, in addition to such other terms and conditions as may be prescribed by the Secretary, shall contain provisions by which such producer shall agree:

Contract.

(i) In the event that the Secretary determines that there has been a violation of the contract at any stage during the time such producer has control of the farm and that such violation is of such a substantial nature as to warrant termination of the contract, to forfeit all rights to payments or grants under the contract, and to refund to the United States all payments and grants received by him thereunder: *Provided, however,* That the provisions of Section 107 (d) shall apply to the termination of any contract hereunder.

Post, p. 193.

(ii) In the event that the Secretary determines that there has been a violation of the contract but that such violation is of such a nature as not to warrant termination of the contract, to accept such payment ad-

justments, forfeit such benefits, and make such refunds to the United States of payments and benefits received by him, under the contract, as the Secretary may determine to be appropriate.

Corn.

52 Stat. 51.
7 USC 1327.

(b) (1) There is hereby established for 1956 and for each year for which an acreage reserve program is in effect for corn a total base acreage of corn for the commercial corn-producing area proclaimed under section 327 of the Agricultural Adjustment Act of 1938, as amended, of fifty-one million acres. The total base acreage of corn for the commercial corn-producing area shall be apportioned by the Secretary among the counties in such area on the basis of the acreage of corn in such counties during the five calendar years immediately preceding the calendar year in which the apportionment is made (plus, in applicable years, the acreage diverted under previous agricultural adjustment, conservation, and soil bank programs), with adjustments for abnormal weather conditions, for trends in acreage during such period and for the promotion of soil-conservation practices: *Provided*, That any downward adjustment for the promotion of soil-conservation practices shall not exceed 2 per centum of the total base acreage that would otherwise be apportioned to the county. The base acreage for the county shall be apportioned by the Secretary, through the local committees, among the farms within the county on the basis of past acreage of corn (planted and diverted), tillable acreage crop-rotation practices, types of soil, and topography.

Post, p. 206.

(2) This subsection (b) shall become inoperative after 1956 if in the referendum conducted pursuant to section 308 (b), producers do not vote in favor of the program provided in subsection (c) of such section.

EXTENT OF PARTICIPATION IN PROGRAM

SEC. 104. For purposes of the acreage reserve program the Secretary shall establish a national reserve acreage goal for the 1956, 1957, 1958, and 1959 crops of each commodity specified in section 103 (a). The limits within which individual farms may participate in the acreage reserve program shall be established in such manner as the Secretary determines is reasonably calculated to achieve the national reserve acreage goal and give producers a fair and equitable opportunity to participate in the acreage reserve program, taking into consideration their acreage allotments or farm base acreages, whichever may be applicable, the supply and demand conditions for different classes, grades, and qualities of the commodity, and such other factors as he deems appropriate.

COMPENSATION OF PRODUCERS

Negotiable certificates.

SEC. 105. (a) Producers shall be compensated for participating in the acreage reserve program through the issuance of negotiable certificates which the Commodity Credit Corporation shall redeem in accordance with regulations prescribed by the Secretary (1) in cash upon presentation by the producer or by any holder in due course or (2) at the option of the producer in the case of certificates issued with respect to grains and upon presentation by him, in grains (such grains to be valued by the Secretary at such levels as he determines will not materially impair the market price for such grain yet will, to the maximum extent practicable encourage acceptance of payment in grains in lieu of cash): *Provided*, That disposition of quantities of stocks hereunder in any one year shall be limited to not more than two-thirds of such quantities of such commodities as the Secretary determines would be a reasonable estimate of what would have been produced for marketing during such marketing year on the acreage

withheld from production under the provisions of this title: *And provided further*, That such stocks shall not be released prior to the end of the normal harvesting season for the particular commodity being released. Compensation under this section shall be at such rate or rates as the Secretary determines will provide producers with a fair and reasonable return for reducing their acreage of the commodity, taking into consideration the loss of production of the commodity on the reserve acreage, any savings in cost which result from not planting the commodity on the reserve acreage, and the incentive necessary to achieve the reserve acreage goal. The Secretary shall make an adjustment in yields for drought, flood, or other abnormal conditions in estimating the loss of production for purposes of establishing rates of compensation. The rates of payment offered under this section shall be such as to encourage producers to underplant their allotments more than one year. Commodities delivered to producers in redemption of such certificates shall not be eligible for tender to Commodity Credit Corporation under the price support program.

(b) Compensation shall be paid to any producer for participating in the acreage reserve program for any year including 1956 when the Secretary has ascertained that such producer has complied with the acreage reduction requirements of such program for such year.

(c) The total compensation paid producers for participating in the acreage reserve program with respect to any year's crops shall not exceed \$750,000,000, and with respect to any commodity for any year shall not exceed the amount shown below: Wheat, \$375,000,000; cotton, \$300,000,000; corn in the commercial corn-producing area, \$300,000,000; peanuts, \$7,000,000; rice, \$23,000,000; and tobacco, \$45,000,000. The total amount available for the acreage reserve program for any year's crops shall be apportioned among the various commodities on the basis of the amounts required to achieve the reserve acreage goal for each commodity established under section 104.

EFFECT ON ACREAGE ALLOTMENTS AND QUOTAS

SEC. 106. (a) In the future establishment of State, county, and farm acreage allotments under the Agricultural Adjustment Act of 1938, as amended, or base acreages under this title, reserve acreages applicable to any commodity shall be credited to the State, county, and farm as though such acreage had actually been devoted to the production of the commodity.

52 Stat. 31.
7 USC 1281.

(b) In applying the provisions of paragraph (6) of Public Law 74, Seventy-seventh Congress (7 U. S. C. 1340 (6)), and sections 326 (b) and 356 (g) of the Agricultural Adjustment Act of 1938, as amended (7 U. S. C. 1326 (b), 1356 (g)), relating to reduction of the storage amounts of wheat and rice, the reserve acreage of the commodity on any farm shall be regarded as wheat acreage or rice acreage, as the case may be, on the farm.

55 Stat. 204.
52 Stat. 51.
63 Stat. 1060.

SUBTITLE B—CONSERVATION RESERVE PROGRAM

TERMS AND CONDITIONS

SEC. 107. (a) To effectuate the purposes of this title the Secretary is hereby authorized to enter into contracts for periods of not less than three years with producers determined by him to have control for the contract period of the farms covered by the contract wherein the producer shall agree:

Producers' contracts.

(1) To establish and maintain for the contract period protective vegetative cover (including but not limited to grass and trees), water

storage facilities, or other soil-, water-, wildlife-, or forest-conserving uses on a specifically designated acreage of land on the farm regularly used in the production of crops (including crops, such as tame hay, alfalfa, and clovers, which do not require annual tillage).

(2) To devote to conserving crops or uses, or allow to remain idle, throughout the contract period an acreage of the remaining land on the farm which is not less than the acreage normally devoted only to conserving crops or uses or normally allowed to remain idle on such remaining acreage.

(3) Not to harvest any crop from the acreage established in protective vegetative cover, excepting timber (in accordance with sound forestry management) and wildlife or other natural products of such acreage which do not increase supplies of feed for domestic animals.

Ante, p. 189.

(4) Not to graze any acreage established in protective vegetative cover prior to January 1, 1959, or such later date as may be provided in the contract, except pursuant to the provisions of section 103 (a) (3) hereof; and if such acreage is grazed at the end of such period, to graze such acreage during the remainder of the period covered by the contract in accordance with sound pasture management.

(5) Not to adopt any practice, or divert lands on the farm from conservation, woods, grazing, or other use, to any use specified by the Secretary in the contract as a practice or use which would tend to defeat the purposes of the contract.

(6) (A) In the event that the Secretary determines that there has been a violation of the contract (including the prohibition of grazing on conservation acreages) at any stage during the time such producer has control of the farm and that such violation is of such a substantial nature as to warrant termination of the contract, to forfeit all rights to payments or grants under the contract, and to refund to the United States all payments and grants received by him thereunder.

(B) In the event that the Secretary determines that there has been a violation of the contract but that such violation is of such a nature as not to warrant termination of the contract, to accept such payment adjustments, forfeit such benefits, and make such refunds to the United States of payments and benefits received by him, under the contract, as the Secretary may determine to be appropriate.

(7) To such additional provisions as the Secretary determines are desirable and includes in the contract to effectuate the purposes of this title and to facilitate the practical administration of the conservation reserve program, including provisions relating to control of noxious weeds.

Agreement by
Secretary.

(b) In return for such agreement by the producer the Secretary shall agree:

(1) To bear such part of the cost (including labor) of establishing and maintaining vegetative cover or water storage facilities, or other soil-, water-, wildlife-, or forest-conserving uses, on the designated acreage as the Secretary determines to be necessary to effectuate the purposes of this title, but not to exceed a maximum amount per acre or facility prescribed by the Secretary for the county or area in which the farm is situated; and

(2) To make an annual payment to the producer for the term of the contract upon determination that he has fulfilled the provisions of the contract entitling him to such payment. The rate or rates of the annual payment to be provided for in the contracts shall be established on such basis as the Secretary determines will provide producers with a fair and reasonable annual return on the land established in protective vegetative cover or water storage facilities, or other soil-, water-, wildlife-, or forest-conserving uses, taking into consideration

the value of the land for the production of commodities customarily grown on such kind of land in the county or area, the prevailing rates for cash rentals for similar land in the county or area, the incentive necessary to obtain contracts covering sufficient acreage for the substantial accomplishment of the purposes of the conservation reserve program, and such other factors as he deems appropriate. Such rate or rates may be determined on an individual farm basis, a county or area basis, or such other basis as the Secretary determines will facilitate the practical administration of the program.

(c) In determining the lands in any area to be covered by contracts entered into under this section, the Secretary may use advertising and bid procedure if he determines that such action will contribute to the effective and equitable administration of the conservation reserve program.

Advertising and
bids.

(d) A contract shall not be terminated under paragraph (6) of subsection (a) unless the nature of the violation is such as to defeat or substantially impair the purposes of the contract. Whenever the State committee believes that there has been a violation which would warrant termination of a contract, the producer shall be given written notice thereof by registered mail or personal service, and the producer shall, if he requests such an opportunity within thirty days after the delivery or service of such notice, be given an opportunity to show cause, in an informal proceeding before the county committee under regulations promulgated by the Secretary, why the contract should not be terminated. If the producer does not request an opportunity to show cause why the contract should not be terminated within such thirty-day period, the determination of the State committee made in accordance with regulations of the Secretary shall be final and conclusive. If the producer within such thirty-day period requests an opportunity to show cause why the contract should not be terminated, the county committee, at the conclusion of the proceeding, shall submit a report, including its recommendations, to the State committee for a determination, on the basis of such report and such other information as is available to the State committee, as to whether there has been a violation which would warrant termination of the contract. The producer shall be accorded the right, in accordance with regulations promulgated by the Secretary, to appear before the State committee in connection with the State committee's determination of the issue. The producer shall be given written notice by registered mail or personal service of the State committee's determination. If the producer feels aggrieved by such determination, he may obtain judicial review of such determination by filing a complaint with the United States district court for the district in which the land covered by the contract is located, within ninety days after the delivery or service of notice of such determination, requesting the court to set aside such determination. Service of process in such action shall be made in accordance with the rule for service of process upon the United States prescribed by the Rules of Civil Procedure for the United States District Courts. The copy of the summons and complaint required to be delivered to the officer or agency whose order is being attacked shall be sent to the chairman of the State committee. The action in the United States district court shall be a trial de novo to determine whether there has been a violation which would warrant termination of the contract. If the producer does not seek judicial review of the State committee's determination within the ninety-day period allowed therefor, the State committee's determination shall be final and conclusive. The terms "county committee" and "State committee" as used herein refer to the county and State committees established under section 8 of the Soil Conservation and Domestic Allotment Act, as amended.

CONSERVATION RESERVE GOAL

SEC. 108. (a) The Secretary shall not later than February 1 of each year determine and announce the national conservation reserve goal for such year. Such goal shall be that percentage which the Secretary determines it is practicable to cover by contracts during such year of the number of acres, if any, by which (1) the acreage used for the production of agricultural commodities during the year preceding the year for which such determination is made, plus any acreage then in the acreage or conservation reserve program or retired from production as a result of acreage allotments or marketing quotas, exceeds (2) the acreage needed during the year for which such determination is made for the production of agricultural commodities for domestic consumption and export and an adequate allowance for carryover. As soon as practicable after the enactment of this title the Secretary shall determine the national conservation acreage goal for 1956.

(b) In distributing the national acreage goal among the various States and major crop production regions, the Secretary shall give due regard to the respective needs of the various States and regions for flood control, drought control, and other conservation benefits; the desires of producers in particular States or regions to participate in the conservation program; the diversion of acreage from crops under acreage allotments or marketing quotas; and the need to assure adequate production of agricultural commodities and products not in surplus and to discourage the production of agricultural commodities and products in surplus.

Report to Congress.

(c) The Secretary shall transmit to the Congress on or before March 15 of each year a report of the scope of the conservation reserve program for the preceding year and the basis for participation in such program in the various States and major crop production regions of the country.

SEC. 109. (a) The Secretary is authorized to formulate and announce programs under this subtitle B and to enter into contracts thereunder with producers during the five-year period 1956-1960 to be carried out during the period ending not later than December 31, 1969, except that contracts for the establishment of tree cover may continue until December 31, 1974.

(b) The period covered by any contract shall not exceed ten years, except that contracts for the establishment of tree cover may extend for 15 years.

(c) In carrying out the conservation reserve program, the Secretary shall not enter into contracts with producers which would require payments to producers, including the cost of materials and services, in excess of \$450,000,000 in any calendar year.

TERMINATION AND MODIFICATION OF CONTRACTS

SEC. 110. (a) The Secretary may terminate any contract with a producer by mutual agreement with the producer if the Secretary determines that such termination would be in the public interest.

(b) The Secretary may agree to such modification of contracts previously entered into as he may determine to be desirable to carry out the purposes of this title and to facilitate the practical administration of the conservation reserve program.

CONSERVATION MATERIALS AND SERVICES

SEC. 111. (a) The Secretary may purchase or produce conservation materials and services and make such materials and services available to producers under the conservation reserve program to aid them in establishing vegetative cover or water storage facilities, or other soil-, water-, wildlife-, or forest-conserving uses, under contracts authorized by this subtitle B, may reimburse any Federal, State, or local government agency for conservation materials and services furnished by such agency, and may pay expenses necessary in making such materials, and services available, including all or part of the costs incident to the delivery, application, or installation of materials and services.

(b) Notwithstanding any other provision of law, in making conservation materials and services available to producers hereunder, the Secretary may make payments, in advance of determination of performance by the producers, to persons who fill purchase orders covering approved conservation materials or who render services to the Secretary in furnishing to producers approved conservation materials or services for the establishment by the producers of vegetative cover or water storage facilities, or other soil-, water-, wildlife-, or forest-conserving uses, under contracts authorized by this subtitle B. The price at which purchase orders for any conservation material or service are filled may be limited, if the Secretary determines that it is necessary in the interest of producers and the Government, to a fair price fixed in accordance with regulations prescribed by the Secretary.

EFFECT ON OTHER PROGRAMS

SEC. 112. Notwithstanding any other provision of law—

(1) insofar as the acreage of cropland on any farm enters into the determination of acreage allotments and marketing quotas under the Agricultural Adjustment Act of 1938, as amended, the cropland acreage on the farm shall not be deemed to be decreased during the period of any contract entered into under the conservation reserve program by reason of the establishment and maintenance of vegetative cover or water storage facilities, or other soil-, water-, wildlife-, or forest-conserving uses, under such contract; and

52 Stat. 31.
7 USC 1281.

(2) the acreage on any farm which is determined under regulations of the Secretary to have been diverted from the production of any commodity in order to carry out the contract entered into under the conservation reserve program shall be considered acreage devoted to the commodity for the purposes of establishing future State, county, and farm acreage allotments under the Agricultural Adjustment Act of 1938, as amended, and base acreages under this Act.

52 Stat. 31.
7 USC 1281.

(a) Section 344 (b) of the Agricultural Adjustment Act of 1938, as amended, is amended by inserting before the period at the end thereof a colon and the following: "*Provided*, That there is hereby established a national acreage reserve consisting of one hundred thousand acres which shall be in addition to the national acreage allotment; and such reserve shall be apportioned to the States on the basis of their needs for additional acreage for establishing minimum farm allotments under subsection (f) (1), as determined by the Secretary without regard to State and county acreage reserves (except that the amount apportioned to Nevada shall be one thousand acres), and the additional acreage so apportioned to the State shall be apportioned to the counties on the same basis and added to the county acreage allotment for apportionment to farms pursuant to subsection (f) of this section (except that no part of such additional acreage shall

7 USC 1344.

be used to increase the county reserve above 15 per centum of the county allotment determined without regard to such additional acreage). Additional acreage apportioned to a State for any year under the foregoing proviso shall not be taken into account in establishing future State acreage allotments. Needs for additional acreage under the foregoing proviso and under the last proviso in subsection (e) shall be determined as though allotments were first computed without regard to subsection (f) (1)."

63 Stat. 671.
7 USC 1344.

(b) Section 344 (e) of the Agricultural Adjustment Act of 1938, as amended, is amended by inserting before the period at the end thereof a colon and the following: "*Provided further*, That if the additional acreage allocated to a State under the proviso in subsection (b) is less than the requirements as determined by the Secretary for establishing minimum farm allotments for the State under subsection (f) (1), the acreage reserved by the State committee under this subsection shall not be less than the smaller of (1) the remaining acreage so determined to be required for establishing minimum farm allotments or (2) 3 per centum of the State acreage allotment; and the acreage which the State committee is required to reserve under this proviso shall be allocated to counties on the basis of their needs for additional acreage for establishing minimum farm allotments under subsection (f) (1), and added to the county acreage allotment for apportionment to farms pursuant to subsection (f) of this section (except that no part of such additional acreage shall be used to increase the county reserve above 15 per centum of the county allotment determined without regard to such additional acreages)."

63 Stat. 671.
7 USC 1344.

(c) Section 344 (f) of the Agricultural Adjustment Act of 1938, as amended, is amended by changing paragraph (1) to read as follows:

"(1) Insofar as such acreage is available, there shall be allotted the smaller of the following: (A) four acres; or (B) the highest number of acres planted to cotton in any year of such three-year period."

68 Stat. 904.
7 USC 1344.

(d) The first sentence of section 344 (f) (6) of such Act is amended to read as follows: "Notwithstanding the provisions of paragraph (2) of this subsection, if the county committee recommends such action and the Secretary determines that such action will result in a more equitable distribution of the county allotment among farms in the county, the remainder of the county acreage allotment (after making allotments as provided in paragraph (1) of this subsection) shall be allotted to farms other than farms to which an allotment has been made under paragraph (1) (B) of this subsection so that the allotment to each farm under this paragraph together with the amount of the allotment of such farm under paragraph (1) (A) of this subsection shall be a prescribed percentage (which percentage shall be the same for all such farms in the county) of the average acreage planted to cotton on the farm during the three years immediately preceding the year for which such allotment is determined, adjusted as may be necessary for abnormal conditions affecting plantings during such three-year period: *Provided*, That the county committee may in its discretion limit any farm acreage allotment established under the provisions of this paragraph for any year to an acreage not in excess of 50 per centum of the cropland on the farm, as determined pursuant to the provisions of paragraph (2) of this subsection: *Provided further*, That any part of the county acreage allotment not apportioned under this paragraph by reason of the initial application of such 50 per centum limitation shall be added to the county acreage reserve under paragraph (3) of this subsection and shall be available for the purposes specified therein."

Effectivity of
section.

(e) The amendments made by this section shall be effective only with respect to 1957 and 1958 crops. For the 1956 crop, an acreage

in each State equal to the acreage allotted in such State which the Secretary determines will not be planted, placed in the acreage reserve or conservation reserve, or considered as planted under section 377 of the Agricultural Adjustment Act of 1938, as amended, may be apportioned by the Secretary among farms in such State having allotments of less than the smaller of the following: (1) four acres, or (2) the highest number of acres planted to cotton in any of the years 1953, 1954, and 1955.

Post, p. 206.

MINIMUM ACREAGE ALLOTMENTS FOR RICE

SEC. 304. Section 353 (c) of the Agricultural Adjustment Act of 1938, as amended, is amended by adding at the end thereof the following:

69 Stat. 46.
7 USC 1353.

"(5) Each of the State acreage allotments for 1956 heretofore proclaimed by the Secretary, after adding thereto any acreage apportioned to farms in the State from the reserve acreage set aside pursuant to subsection (a) of this section, shall be increased by such amount as may be necessary to provide such State with an allotment of not less than 85 per centum of its final allotment established for 1955. Any additional acreage required to provide such minimum allotment shall be additional to the national acreage allotment. In any State having county acreage allotments for 1956, the increase in the State allotment shall be apportioned among counties in the State on the same basis as the State allotment was heretofore apportioned among the counties, but without regard to adjustments for trends in acreage.

"(6) The national acreage allotments of rice for 1957 and 1958 shall be not less than the national acreage allotment for 1956, including any acreage allotted under paragraph (5) of this subsection, and such national allotments for 1957 and 1958 shall be apportioned among the States in the same proportion that they shared in the total acreage allotted in 1956."

Effective beginning with the 1956 crop, section 359 (a) of the Agricultural Adjustment Act of 1938, as amended, is amended by amending the first sentence thereof to read as follows: "The marketing of any peanuts in excess of the marketing quota for the farm on which such peanuts are produced, or the marketing of peanuts from any farm for which no acreage allotment was determined, shall be subject to a penalty at a rate equal to 75 per centum of the support price for peanuts for the marketing year (August 1–July 31)."

61 Stat. 721.
7 USC 1359.

COLLECTION OF PEANUT MARKETING PENALTIES

PRESERVATION OF UNUSED ACREAGE ALLOTMENTS

52 Stat. 66.
7 USC 1376.

SEC. 307. The Agricultural Adjustment Act of 1938, as amended, is amended by inserting after section 376 a new section as follows:

“PRESERVATION OF UNUSED ACREAGE ALLOTMENTS

“SEC. 377. In any case in which, during any year within the period 1956 to 1959, inclusive, for which acreage planted to such commodity on any farm is less than the acreage allotment for such farm, the entire acreage allotment for such farm shall be considered for purposes of future State, county, and farm acreage allotments to have been planted to such commodity in such year, but only if the owner or operator of such farm notifies the county committee prior to the sixtieth day preceding the beginning of the marketing year for such commodity of his desire to preserve such allotment. This section shall not be applicable in any case in which the amount of the commodity required to be stored to postpone or avoid payment of penalty has been reduced because the allotment was not fully planted. Nothing herein shall be construed to permit the allotment to any other farm of the acreage with respect to which notice is given under this section.”

ACREAGE REQUIREMENTS FOR PRICE SUPPORT ON CORN AND OTHER
FEED GRAINS

SEC. 308. (a) Notwithstanding any other provision of law, whenever base acreages are in effect for corn, the Secretary shall require, as a condition of eligibility for price support on corn, that the producer (1) devote an acreage of cropland (tilled in normal rotation), at the option of the producer, to either the acreage reserve program for corn or the conservation reserve program, equal to 15 per centum of such producer's farm base acreage for corn, and (2) not exceed such farm base acreage for corn: *Provided*, That price support may be made available to any producer who does not meet the foregoing requirements at such level, not in excess of the level of price support to producers who meet such requirements, as the Secretary determines will facilitate the effective operation of the price support program. Corn acreage allotments shall not be effective for the 1956 crop.

52 Stat. 31.
7 USC 1281.
63 Stat. 1051.
7 USC 1441.

(b) Not later than December 15, 1956, the Secretary shall conduct a referendum of producers of corn in 1956 in the commercial corn-producing area to determine whether such producers favor a price-support program as provided in subsection (c) of this section for the 1957 and subsequent crops in lieu of acreage allotments as provided in the Agricultural Adjustment Act of 1938, as amended, and price support as provided in section 101 of the Agricultural Act of 1949, as amended.

(c) Notwithstanding any other provision of law, if two-thirds or more of the producers voting in the referendum conducted pursuant to subsection (b) hereof favor a price-support program as provided in this subsection (c), no acreage allotment of corn shall be established for the commercial corn-producing area for any county, or for any farm, with respect to the 1957 and subsequent crops, and price support made available for such crops by Commodity Credit Corporation shall be at such level as the Secretary determines will assist producers in marketing corn in the normal channels of trade but not encourage the uneconomic production of corn.

(d) Notwithstanding any other provision of law, (1) the level of price support for the 1956 crop of grain sorghums, barley, rye, and oats, respectively, shall be 76 per centum of the parity price for the

commodity as of May 1, 1956, (2) the level of price support for corn produced outside the commercial corn-producing area, for any crop for which base acreages are in effect (except as provided in (3) below), shall be 82½ per centum of the level of price support for corn in the commercial corn-producing area to producers complying with acreage limitations, and (3) if price support is made available for the 1957 crop of corn in the commercial corn-producing area to producers not complying with acreage limitations, price support shall be made available for the 1957 crop of grain sorghums, barley, rye, oats, and corn produced outside the commercial corn-producing area, respectively, at a level, not less than 70 per centum of the parity price as of the beginning of the marketing year, determined by the Secretary to be fair and reasonable in relation to the level at which price support is made available for corn in the commercial corn-producing area to producers not complying with acreage limitations, taking into consideration the normal price relationships between such commodity and corn in the commercial area, the feed value of such commodity in relation to corn, the supply of such commodity in relation to the demand therefor, and the ability to dispose of stocks of such commodity acquired through price support programs.

TITLE IV—FORESTRY PROVISIONS

ASSISTANCE TO STATES FOR TREE PLANTING AND REFORESTATION

SEC. 401. (a) The Congress hereby finds and declares that building up and maintaining a level of timber growing stocks adequate to meet the Nation's domestic needs for a dependable future supply of industrial wood is essential to the public welfare and security; that assisting in improving and protecting the more than fifty million acres of idle non-Federal and Federal lands for this purpose would not only add to the economic strength of the Nation, but also bring increased public benefits from other values associated with forest cover; and that it is the policy of the Congress that the Secretary of Agriculture in order to encourage, promote, and assure fully adequate future resources of readily available timber should assist the States in undertaking needed programs of tree planting.

(b) Any State forester or equivalent State official may submit to the Secretary of Agriculture a plan for forest land tree planting and reforestation for the purpose of effecting the policy hereinbefore stated.

State plans.

(c) When the Secretary of Agriculture has approved the plan, he is hereby authorized and directed to assist the State in carrying out such plan, which assistance may include giving of advice and technical assistance and furnishing financial contributions: *Provided*, That, for the non-Federal forest land tree planting and reforestation, the financial contribution expended by the Federal Government during any fiscal year to assist the State to carry out the plan shall not exceed the amount expended by the State for the same purposes during the same fiscal year, and the Secretary of Agriculture is authorized to make financial contributions on the certificate of the State official in charge of the administration of the plan as to the amount of expenditures made by the State.

(d) In any plan that coordinates forest lands under the jurisdiction of any Federal agency other than the Department of Agriculture, the Secretary of Agriculture shall obtain the cooperation and assistance of the Federal agency having jurisdiction and the appropriate State forester in the approval and carrying out of the plan.

Rules and regu-
lations.

Appropriations.

(e) The Secretary of Agriculture may prescribe such rules and regulations as may be appropriate to carry out the purposes of this section.

(f) There are hereby authorized to be appropriated such sums as may be necessary to carry out the objects of this section, such sums to remain available until expended.

STUDY OF PRICE TRENDS FOR FOREST PRODUCTS

SEC. 402. The Secretary of Agriculture shall make a study of price trends and relationships for basic forest products such as sawlogs and pulpwood and within one year from the date of enactment of this Act shall submit a report thereon to the Congress.

TITLE V—CERTIFICATE PROGRAM FOR RICE

52 Stat. 38.
7 USC 1301 et.
seq.

SEC. 501. Title III of the Agricultural Adjustment Act of 1938, as amended, is amended (1) by changing the designation thereof to read as follows: "TITLE III—LOANS, PARITY PAYMENTS, CONSUMER SAFEGUARDS, MARKETING QUOTAS, AND MARKETING CERTIFICATES"; (2) by changing the designation of subtitle D thereof to read as follows: "SUBTITLE E—MISCELLANEOUS PROVISIONS AND APPROPRIATIONS"; and (3) by inserting after subtitle C a new subtitle D, as follows:

"SUBTITLE D—RICE CERTIFICATES

"LEGISLATIVE FINDINGS

"SEC. 380a. The movement of rice from producer to consumer is preponderantly in interstate and foreign commerce, and the small quantity of rice which does not move in interstate or foreign commerce affects such commerce. In order to provide an adequate and balanced flow of rice in interstate and foreign commerce and to assure consumers an adequate and steady supply of rice at fair prices it is necessary to regulate all commerce in rice in the manner provided in this subtitle. These findings are supplemental to and in addition to the findings contained in section 351 of this Act.

52 Stat. 60.
7 USC 1351.

"EFFECTIVE DATE AND TERMINATION

"SEC. 380b. Sections 380c through 380g (c) shall be effective beginning with the first crop of rice, subsequent to the 1956 crop and prior to the 1959 crop, for which the Secretary determines and proclaims that the initiation of a program under this subtitle is administratively feasible and in the best interests of rice producers and the United States. Unless extended by law, the provisions of this subtitle shall not apply to rice of any crop following the second crop for which a program is in effect under sections 380c and 380g (c).

"RICE PRIMARY MARKET QUOTA

"SEC. 380c. Not later than December 31 of each year, the Secretary shall determine and proclaim the primary market quota for rice for the marketing year beginning in the next calendar year. The primary market quota shall be the number of hundredweights of rice (on a rough rice basis) which the Secretary determines will be consumed in the United States (including its Territories and possessions and the Commonwealth of Puerto Rico) or exported to Cuba, during such marketing year. In making this determination the Secretary shall consider the historical consumption in these markets of rice produced

in the United States and any expected enlargement in such consumption predicated upon population trends, increased per capita consumption, and other relevant factors.

“APPORTIONMENT OF PRIMARY MARKET QUOTA

“SEC. 380d. (a) The primary market quota for rice shall be apportioned by the Secretary among the several States on the basis of the average yield per acre of rice in each State during the three years immediately preceding the year for which the quota is proclaimed (or in the case of the apportionment for 1957, during the two years preceding such year) multiplied by the acreage allotment of such State for such year.

“(b) The State primary market quota shall be apportioned by the Secretary among farms on the basis of the acreage allotment established for each farm multiplied by the normal yield per acre for the farm.

“REVIEW OF PRIMARY MARKET QUOTA

“SEC. 380e. Notice of the primary market quota shall be mailed to the operator of the farm to which such quota applies. The farm operator may have such quota reviewed in accordance with the provisions of sections 363 to 368, inclusive, of this Act.

52 Stat. 63.
7 USC 1363-
1368.

“PRICE SUPPORT

“SEC 380f. (a) Notwithstanding any other provision of law, the Commodity Credit Corporation shall make price support available to cooperators through loans, purchases, or other operations on any crop of rice for which a program is in effect under sections 380c through 380g (c) at such level, not less than 50 per centum or more than 90 per centum of the parity price therefor, as the Secretary determines will not discourage or prevent the exportation of rice produced in the United States.

“(b) Section 101 of the Agricultural Act of 1949, as amended, shall not apply to price support made available on rice of any crop to which this section is applicable, but all the other provisions of such Act, to the extent not inconsistent with this subtitle, shall apply to price support operations carried out under this section.

63 Stat. 1051.
7 USC 1441.

“CERTIFICATES

“SEC. 380g. (a) The Secretary of Agriculture shall for each marketing year issue certificates to cooperators for a quantity of rice equal to the primary marketing quota for the farm for such marketing year, but not exceeding the normal yield of the acreage planted to rice on the farm. The certificate shall have the value specified in subsection (e) of this section.

“(b) The landlord, tenants, and sharecroppers on the farm shall share in the certificates issued with respect to the farm in the same proportion as they share in the rice produced on the farm or the proceeds therefrom.

“(c) The provisions of section 385 of this Act shall be applicable to certificates issued to producers under this section.

52 Stat. 68.
7 USC 1385.

“(d) The Commodity Credit Corporation shall issue and sell certificates to persons engaged in the processing of rough rice or the importing of processed rice. Each such certificate shall be sold for an amount equal to the value thereof, as specified in subsection (e) of this section.

“(e) The value of each certificate issued under this section shall be equal to the difference between 90 per centum of the parity price of rice as of the beginning of the marketing year for which the certificate is issued and the level of price support for rice which is in effect during such marketing year, calculated to the nearest cent, multiplied by the quantity of rice for which the certificate is issued. Any certificates not used to cover the processing of rice or the importation of processed rice pursuant to sections 380k and 380l of this Act shall be redeemed by the Commodity Credit Corporation at the value thereof.

“INVENTORY ADJUSTMENT PAYMENTS

“SEC. 380h. To facilitate the transition from the price support program currently in effect to the program provided for in this subtitle, the Commodity Credit Corporation shall make inventory adjustment payments to all persons owning rough rice located in the continental United States as of the beginning of the marketing year for the first crop of rice for which a program is in effect under sections 380c through 380g (c): *Provided, however,* That such payments shall not be made with respect to rice of such crop, imported rice, or rice acquired from Commodity Credit Corporation. The amount of such payment per hundredweight shall be the amount by which the estimated average price paid producers during the marketing year for the preceding crop exceeds the estimated average support price for the first crop for which a program is made effective. There are hereby authorized to be appropriated such sums as may be necessary to make payment to Commodity Credit Corporation for expenditures pursuant to this section.

“RICE SET-ASIDE

“SEC. 380i. All rough and processed rice in the inventories of Commodity Credit Corporation as of sixty days after the beginning of the marketing year for the first crop for which a program is in effect under sections 380c through 380g (c), not exceeding twenty million hundredweight of rough rice or its equivalent in processed rice may be transferred to and be made a part of the commodity set-aside of rice established pursuant to section 101 of the Agricultural Act of 1954.

“EXEMPTIONS

“SEC. 380j. The provisions of this subtitle shall not apply to non-irrigated rice produced on any farm on which the acreage planted to nonirrigated rice does not exceed three acres, and the provisions of sections 380c through 380g (c) shall not apply to rice produced in Puerto Rico or Hawaii.

“PROCESSING RESTRICTIONS

“SEC. 380k. (a) Each person who on or after the beginning of the marketing year for the first crop for which a program is in effect under sections 380c through 380g (c), engages in the processing of rough rice in the United States shall, upon processing any quantity of rough rice, acquire certificates issued under section 380g of this Act in an amount sufficient to cover such quantity of rough rice.

“(b) The requirements of subsection (a) of this section shall not be applicable to the processing in Puerto Rico or Hawaii of rough rice grown in Puerto Rico or Hawaii, respectively.

"(c) Upon the exportation from the United States to any country other than Cuba of any processed rice with respect to which certificates were acquired in accordance with the requirements of subsection (a) of this section or section 380l, the Commodity Credit Corporation shall pay to the exporter an amount equal to the value of the certificates for the rough rice equivalent of such processed rice.

"IMPORT RESTRICTIONS

"SEC. 380l. Each person who, on or after the beginning of the marketing year for the first crop for which a program is in effect under sections 380c through 380g (c), imports processed rice into the United States shall acquire certificates issued under section 380g of this Act covering the rough rice equivalent of such processed rice.

"REGULATIONS

"SEC. 380m. The Secretary shall prescribe regulations governing the issuance, redemption, acquisition, use, transfer, and disposition of certificates hereunder.

"CIVIL PENALTIES

"SEC. 380n. Any person who violates or attempts to violate, or who participates or aids in the violation of, any of the provisions of sections 380k or 380l of this Act, or regulations prescribed by the Secretary for the enforcement of such provisions, shall forfeit to the United States a sum equal to three times the market value, at the time of the commission of such act, of the product involved in such violation. Such forfeiture shall be recoverable in a civil suit brought in the name of the United States.

"REPORTS AND RECORDS

"SEC. 380o. (a) The provisions of section 373 (a) of this Act shall apply to all persons, except rice producers, who are subject to the provisions of this subtitle, except that any such person failing to make any report or keep any record as required by this section or making any false report or record shall be deemed guilty of a misdemeanor and upon conviction thereof shall be subject to a fine of not more than \$2,000 for each such violation.

52 Stat. 65.
7 USC 1373.

"(b) The provisions of section 373 (b) of the Act shall apply to all rice farmers who are subject to the provisions of this subtitle.

"(a) 'cooperator' shall have the same meaning as under the Agricultural Act of 1949, as amended.

"(b) 'processing of rough rice' means subjecting rough rice for the first time to any process which removes the husk or hull from the rice and results in the production of processed rice.

"(D) 'Normal yield' for any county, in the case of rice, shall be the average yield per acre of rice for the county during the five calendar years immediately preceding the year for which such normal yield is determined, adjusted for abnormal weather conditions and for trends in yields. If for any such year data are not available, or there is no actual yield, an appraised yield for such year, determined in accordance with regulations issued by the Secretary, taking into consideration the yields obtained in surrounding counties during such year and the yield in years for which data are available, shall be used as the actual yield for such year.

"(E) 'Normal yield' for any farm, in the case of rice, shall be the average yield per acre of rice for the farm during the five calendar years immediately preceding the year for which such normal yield is determined, adjusted for abnormal weather conditions and for trends in yields. "(F) In applying subparagraphs (D) and (E), if on account of drought, flood, insect pests, plant disease, or other uncontrollable natural cause, the yield for any year of such five-year period is less than 75 per centum of the average, 75 per centum of such average shall be substituted therefor in calculating the normal yield per acre. If, on account of abnormally favorable weather conditions, the yield for any year of such five-year period is in excess of 125 per centum of the average, 125 per centum of such average shall be substituted therefor in calculating the normal yield per acre."

Such claim shall be made within two years after the date of approval of this Act by filing a verified petition in the circuit court of the Territory in which the property was situated at the time the same was originally conveyed to the Territory or its political subdivision.

SEC. 2. The Governor of the Territory shall, within sixty days after the date of approval of this Act, cause to be published at least once a week for a period of three weeks in a newspaper of general circulation in the Territory a notice stating in general terms the purpose of this Act, the period in which claims may be filed, and where such claims may be filed.

SEC. 3. The rules of the circuit court of the Territory of Hawaii pertaining to civil procedure, including rules relating to appeals, shall be applicable to the proceedings authorized by this Act. All court costs and fees, both in the circuit and appellate courts, shall be assessed and paid in the same manner as in civil cases. The courts shall advance on their dockets and expedite the disposition of all claims filed therein pursuant to this Act. The Attorney General of Hawaii may intervene in any proceeding instituted under the provisions of this Act.

SEC. 4. The petition shall allege and it shall be shown—

(a) that during World War II a conveyance of lands, with or without improvements, was made to the Territory of Hawaii, or a political subdivision thereof, by an organization or group made up of persons of Japanese ancestry theretofore holding such property for eleemosynary purposes;

(b) that such conveyance was made without monetary consideration other than the assumption of mortgages or other encumbrances, or was made upon a nominal consideration;

(c) that such conveyance was not lawfully authorized under the laws, constitution, bylaws or the like governing the same, or alternatively that such conveyance was made or procured in such a manner as to cause such conveyance to be voidable;

(d) that the petitioner is, or the petitioners are, the real parties in interest, and that no assignment or transfer of the claim, or of any part thereof or interest therein, has been made except as stated in the petition;

(e) that the return of the property is sought for the purpose of resuming the eleemosynary use for which the property was held prior to the conveyance to the Territory or a political subdivision thereof, or alternatively, if the petitioner does not intend to resume the eleemosynary use of the property for which it was held prior to the conveyance to the Territory or political subdivision thereof, the petitioner shall indicate in its petition

whether there are some other purposes for its seeking the return of the property and what disposition it intends to make of the property, if the same is returned; and

(f) that the respondents named in the petition include and constitute the grantee or grantees and their successors in title, if any, who received the original conveyance and all other persons or Government bodies having or claiming any interest therein or occupancy thereof; and all such respondents shall be personally served with the petition.

SEC. 5. If the allegations required by section 4 hereof are contained in the petition, the circuit court shall hear and determine the claim as a court of equity, without a jury, and may, in the exercise of its sound discretion and within the principles hereinafter set forth, either direct the return of the property to the petitioner, if the allegations of the petition are sustained, or make such other order as it shall deem appropriate. Hearing and determination of claims.

SEC. 6. In the disposition and determination of such claims, the circuit court shall, in addition to the general principles of equity, be governed by the following principles: Principles of equity.

(a) In case of an assignment or transfer of a claim, or any part thereof or interest therein, the claim, or so much thereof as is involved in the assignment or transfer, shall be denied and disallowed unless it shall be shown that the assignment or transfer was made for a good and sufficient reason without any motive of speculation.

(b) If the allegations of the petition are proved, and if the property is then being used by the Territory or a political subdivision thereof, the court may direct that the property be retained for a reasonable time so as to allow the Territory or political subdivision thereof using the property to obtain other accommodations. The use of the property during such period of time shall be without charge to the Territory or political subdivision thereof, as the case may be.

(c) If an eminent domain proceeding for the condemnation of the property, or any part thereof, for public use is brought by the Territory or political subdivision within the time so allowed by the court, in such eminent domain proceeding, the property shall be valued and the proceeding shall be heard and determined in all respects as if filed upon the date of the original conveyance and as if an order had been made letting the Government into possession on said date: *Provided*, That at its option, the Territory or political subdivision may bring eminent domain proceedings for condemnation of the property or part thereof required for public use without invoking the preceding provisions of this sentence: *Provided further*, That in the event the Territory or political subdivision shall have discharged encumbrances upon the property for which it is entitled to reimbursement as provided by subsection (e), the same may be made a setoff in any eminent domain proceeding brought for condemnation of the property or part thereof required for public use.

Such payment shall not exceed the consideration received for the property, and such payment shall be without interest.

(e) In respect of property which has been improved during the tenure of the Territory or political subdivision thereof, either by the making of new improvements or by betterment of the property in any

form, it shall be a condition to the granting of the claim that the Territory or political subdivision thereof be reimbursed, without interest, for such improvements.

(f) In respect of mortgages, tax liens, or other encumbrances upon the property at the time of the original conveyance, which by reason of the conveyance were assumed or have been discharged, it shall be a condition to the granting of the claim that the Territory or political subdivision thereof be relieved of the obligations so assumed, and to the extent that the same shall have been discharged, that the Territory or political subdivision thereof, as the case may be, be reimbursed without interest therefor.

(g) The court shall not make any pecuniary award to any petitioner for rents or damages or for any other cause, and the redress of petitioners shall be confined to the return or proper disposition of the property according to the principles herein set forth, except as stated in paragraph (d) of this subsection.

Any determination made by the medical officer or contract surgeon in charge, or his designee, as to availability of space, facilities, and the capabilities of the medical staff, shall be conclusive. The medical care of such dependents provided for in medical facilities of the uniformed services shall in no way interfere with the primary mission of those facilities.

Utilization of medical facilities.

(b) In order to provide more effective utilization of medical facilities of the uniformed services, the Secretary of Defense and the Secretary of Health, Education, and Welfare shall jointly prescribe regulations to insure that dependents entitled to medical care in a medical facility of a uniformed service under the provisions of this Act shall not be denied equal opportunity for medical care because of the service affiliation of the service member.

(c) The Secretary of Defense, after consultation with the Secretary of Health, Education, and Welfare, shall establish fair charges for inpatient medical care given dependents in the facilities of the uniformed services, which charges shall be the same for all dependents.

Charges.

(d) As a restraint on excessive demands for medical care under this section, uniform minimal charges may be imposed for outpatient care but such charges shall be limited to such amounts, if any, as may be established by the Secretary of Defense after consultation with the Secretary of Health, Education, and Welfare, under a special finding that such charges are necessary.

(e) Any amounts that are received in payment for subsistence and medical care rendered dependents in facilities of the uniformed services shall be deposited to the credit of the appropriation supporting the maintenance and operation of the facilities furnishing the care.

(f) Medical care under this section shall be limited to the following:

Limitations.

- (1) Diagnosis;
- (2) Treatment of acute medical and surgical conditions;
- (3) Treatment of contagious diseases;
- (4) Immunization; and
- (5) Maternity and infant care.

(g) (1) Hospitalization under this section is not authorized dependents for domiciliary care.

(2) Hospitalization under this section is not authorized dependents for nervous and mental disorders, chronic diseases, or elective medical and surgical treatments, except that the Secretary of Defense, after consultation with the Secretary of Health, Education, and Welfare, by regulation, may provide in special and unusual cases for hospitalization of not to exceed twelve months for dependents for such disorders or such diseases, or for such treatments.

(h) Dependents shall not be provided under this section—

(b) Subsection (a) shall be subject to such reasonable limitations, additions, exclusions, definitions, and related provisions as the Secretary of Defense, after consultation with the Secretary of Health, Education, and Welfare, may deem appropriate, except that medical care normally considered to be outpatient care shall not be authorized by this subsection.

(c) The dependents covered under this section may elect to receive medical care under the terms of this Act in either the facilities of a uniformed service under the conditions specified in title I of this Act or in the facilities provided for under such insurance, medical service,

or health plan or plans as may be provided by the authority contained in this section, except that the right to such election may be limited under regulations prescribed by the Secretary of Defense, after consultation with the Secretary of Health, Education, and Welfare, for such dependents residing in areas where the member concerned is assigned and where adequate medical facilities of a uniformed service are available for such dependents.

SEC. 202. Any insurance, medical service, or health plan or plans which may be entered into by the Secretary of Defense with respect to medical care under the provisions of this Act shall contain a provision for a review, and, if necessary, an adjustment of payments by the Secretary of Defense or Secretary of Health, Education, and Welfare not later than one hundred and twenty days after the first year the plan or plans have been in effect and each year thereafter. These committees shall consist of the Secretary of Defense or his designee, who shall be chairman, and such other persons as the Secretary may appoint. Commissioned officers and warrant officers, active and retired, shall pay an amount equal to the portion of the charge established under section 103 (c) of this Act that is attributable to subsistence when hospitalized in a medical facility of a uniformed service. Retired enlisted personnel, including members of the Fleet Reserve and the Fleet Marine Corps Reserve, shall not be charged for subsistence when hospitalized in a medical facility of a uniformed service.

Additional hospitalization.

SEC. 303. AN ACT

Relating to the Lumbee Indians of North Carolina.

June 7, 1956
[H. R. 4656]

Whereas many Indians now living in Robeson and adjoining counties are descendants of that once large and prosperous tribe which occupied the lands along the Lumbee River at the time of the earliest white settlements in that section; and

Whereas at the time of their first contacts with the colonists, these Indians were a well-established and distinctive people living in European-type houses in settled towns and communities, owning slaves and livestock, tilling the soil, and practicing many of the arts and crafts of European civilization; and

Whereas by reason of tribal legend, coupled with a distinctive appearance and manner of speech and the frequent recurrence among them of family names such as Oxendine, Locklear, Chavis, Drinkwater, Bullard, Lowery, Sampson, and others, also found on the roster of the earliest English settlements, these Indians may, with considerable show of reason, trace their origin to an admixture of colonial blood with certain coastal tribes of Indians; and

Whereas these people are naturally and understandably proud of their heritage, and desirous of establishing their social status and preserving their racial history: Now, therefore,

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Indians now residing in Robeson and adjoining counties of North Carolina, originally found by the first white settlers on the Lumbee River in Robeson County, and claiming joint descent from remnants of early American colonists and certain tribes of Indians originally inhabiting the coastal regions of North Carolina, shall, from and after the ratification of this Act, be known and designated as Lumbee Indians of North Carolina and shall continue to enjoy all rights, privileges, and immunities enjoyed by them as citizens of the State of North Carolina and of the United States as they enjoyed before the enactment of this Act, and shall continue to be subject to all the obligations and duties of such citizens under the laws of the State of North Carolina and the United States. Nothing in this Act shall make such Indians eligible for any services performed by the United States for Indians because of their status as Indians, and none of the statutes of the United States which affect Indians because of their status as Indians shall be applicable to the Lumbee Indians.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Library Services Act".

Library Services
Act.

DECLARATION OF POLICY

SEC. 2. (a) It is the purpose of this Act to promote the further extension by the several States of public library services to rural areas without such services or with inadequate services.

(b) The provisions of this Act shall not be so construed as to interfere with State and local initiative and responsibility in the conduct of public library services. The administration of public libraries, the selection of personnel and library books and materials, and, insofar as consistent with the purposes of this Act, the determination of the best uses of the funds provided under this Act shall be reserved to the States and their local subdivisions.

AUTHORIZATION OF APPROPRIATIONS

SEC. 3. There is hereby authorized to be appropriated for the fiscal year ending June 30, 1957, and for each of the four succeeding fiscal years the sum of \$7,500,000 which shall be used for making payments to States which have submitted and had approved by the Commissioner of Education (hereinafter referred to as the Commissioner) State plans for the further extension of public library services to rural areas without such services, or with inadequate services.

ALLOTMENTS TO STATES

SEC. 4. (a) From the sums appropriated pursuant to section 3 for each fiscal year, the Commissioner shall allot \$10,000 to the Virgin Islands and \$40,000 to each of the other States, and shall allot to each State such part of the remainder of such sums as the rural population of the State bears to the rural population of the United States, according to the most recent decennial census.

Post, p. 911.

(b) The amount of any allotment to a State under subsection (a) for any fiscal year remaining unpaid to such State at the end of such fiscal year shall be available for payment to such State under section 6 until the end of the succeeding fiscal year. No payment to a State under section 6 shall be made out of its allotment for any fiscal year until its allotment for the preceding fiscal year has been exhausted or has ceased to be available.

STATE PLANS

SEC. 5. (a) To be approved under this section, a State plan for the further extension of public library services to rural areas must—

(1) provide for the administration, or supervision of the administration, of the plan by the State library administrative agency, and provide that such agency will have adequate authority under State law to administer the plan in accordance with its provisions and the provisions of this Act;

(2) provide for the receipt by the State treasurer (or, if there be no State treasurer, the officer exercising similar functions for the State) of all funds paid to the State pursuant to this Act and for the proper safeguarding of such funds by such officer,

provide that such funds shall be expended solely for the purposes for which paid, and provide for the repayment by the State to the United States of any such funds lost or diverted from the purposes for which paid;

(3) provide policies and methods of administration to be followed in using any funds made available for expenditure under the State plan, which policies and methods the State library administrative agency certifies will in its judgment assure use of such funds to maximum advantage in the further extension of public library services to rural areas without such services or with inadequate services;

(4) provide that the State library administrative agency will make such reports as to categories of expenditures made under this Act, as the Commissioner may from time to time reasonably require; and

(5) provide that any library services furnished under the plan shall be made available free of charge under regulations prescribed by the State library administrative agency.

(b) The Commissioner shall approve any plan which fulfills the conditions specified in subsection (a) of this section.

(c) The determination of whether library services are inadequate in any area within any State shall be made by the State library administrative agency of such State.

PAYMENTS TO STATES

*Conditions.
Post, p. 911.*

SEC. 6. (a) From the allotments available therefor under section 4, the Secretary of the Treasury shall from time to time pay to each State which has a plan approved under section 5 an amount computed as provided in subsection (b) of this section, equal to the Federal share of the total sums expended by the State and its political subdivisions under such plan during the period for which such payment was made, except that no payments shall be made to any State from its allotment for any fiscal year unless and until the Commissioner finds that (1) there will be available for expenditure under the plan from State or local sources during the fiscal year for which the allotment is made (A) sums sufficient to enable the State to receive under this section payments in an amount not less than \$10,000 in the case of the Virgin Islands and \$40,000 in the case of any other State, and (B) not less than the total amount actually expended, in the areas covered by the plan for such year, for public library services from such sources in the fiscal year ending June 30, 1956, and (2) there will be available for expenditure for public library services from State sources during the fiscal year for which the allotment is made not less than the total amount actually expended for public library services from such sources in the fiscal year ending June 30, 1956.

Estimation.

(b) The Commissioner shall from time to time, but not less often than semiannually, and prior to the period for which a payment is to be made, estimate the amount, within the balance of the allotments for each State, which may be necessary to pay the Federal share of the total expenditures for carrying out the approved State plan for such period. The Commissioner shall certify to the Secretary of the Treasury the amount so determined, reduced or increased as the case may be by the amount by which he finds that his estimate for any prior period was greater or less than the amount which should have been paid to the State for such period. The Secretary of the Treasury shall thereupon, prior to audit or settlement by the General Accounting Office, pay to the State, at the time or times fixed by the Commissioner, the amount so certified.

(c) For the purposes of this section the "Federal share" for any State shall be 100 per centum less the State percentage and the State percentage shall be that percentage which bears the same ratio to 50 per centum as the per capita income of such State bears to the per capita income of the continental United States (excluding Alaska), except that (1) the Federal share shall in no case be more than 66 per centum or less than 33 per centum, and (2) the Federal share for Hawaii shall be 50 per centum and for Alaska, Puerto Rico, and the Virgin Islands shall be 66 per centum.

"Federal share".
Post, p. 911.

(d) The "Federal share" for each State shall be promulgated by the Commissioner between July 1 and August 31 of each even-numbered year, on the basis of the average of the per capita incomes of the States and of the continental United States (excluding Alaska) for the three most recent consecutive years for which satisfactory data are available from the Department of Commerce. Such promulgation shall be conclusive for each of the two fiscal years in the period beginning July 1 next succeeding such promulgation: *Provided*, That the Commissioner shall promulgate such percentages as soon as possible after the enactment of this Act to be effective until July 1, 1957.

Promulgation.

(e) No portion of any money paid to a State under this Act shall be applied, directly or indirectly, to the purchase or erection of any building or buildings, or for the purchase of any land.

Restriction.

(f) No portion of any money paid to a State under this Act shall be used, directly or indirectly, to provide or improve library services in any area other than a rural area; except that nothing contained herein shall be construed to prohibit the utilization of such money by public libraries in nonrural areas for the exclusive purpose of extending public library services to rural areas, if such utilization has been provided for in an approved State plan covering the areas affected.

WITHHOLDING

SEC. 7. If the Commissioner finds after reasonable notice and opportunity for hearing to the State agency administering or supervising the administration of the State plan approved under this Act, that the State plan has been so changed that it no longer complies with the requirements of this Act or that in the administration of the plan there is a failure to comply substantially with the provisions required to be included in the plan, he shall notify such State agency that further payments will not be made to the State under this Act until he is satisfied that there is no longer any such failure to comply. Until he is so satisfied, he shall make no further certification to the Secretary of the Treasury with respect to such State: *Provided*, That any State or State agency is entitled to judicial review in the United States District Court wherein the State or State agency is located of any such withholding determination in accordance with applicable provisions of the Administrative Procedures Act.

60 Stat. 237.
5 USC 1001 note.

ADMINISTRATION

SEC. 8. (a) The Commissioner shall administer this Act under the supervision and direction of the Secretary of Health, Education, and Welfare, and shall, with the approval of the Secretary, prescribe such regulations as may be necessary for the administration of this Act.

(b) The Commissioner is also authorized to make such studies, investigations, and reports as may be necessary or appropriate to carry out the purposes of this Act, including periodic reports for public distribution as to the values, methods, and results of various

State demonstrations of public library services in rural areas undertaken under this Act.

For the purpose of carrying out the provisions of section 10 of the Federal-Aid Highway Act of 1950 (64 Stat. 785), there is hereby authorized to be appropriated for the survey, construction, reconstruction, and maintenance of main roads through unappropriated or unreserved public lands, nontaxable Indian lands, or other Federal reservations the additional sum of \$2,000,000 for the fiscal year ending June 30, 1957, and the sum of \$2,000,000 for the fiscal year ending June 30, 1958, and a like sum for the fiscal year ending June 30, 1959.

SEC. 106. SPECIAL PROVISIONS FOR FEDERAL DOMAIN ROADS, ETC.

Any funds authorized herein for forest highways, forest development roads and trails, park roads and trails, parkways, Indian roads, and public lands highways shall be available for contract upon apportionment, or a date not earlier than one year preceding the beginning of the fiscal year for which authorized if no apportionment is required: *Provided*, That any amount remaining unexpended two years after the close of the fiscal year for which authorized shall lapse. The Secretary of the department charged with the administration of such funds is hereby granted authority to incur obligations, approve projects, and enter into contracts under such authorizations, and his action in doing so shall be deemed a contractual obligation of the Federal Government for the payment of the cost thereof, and such funds shall be deemed to have been expended when so obligated. Any funds heretofore, herein, or hereafter authorized for any fiscal year for forest highways, forest development roads and trails, park roads and trails, parkways, Indian roads, and public lands highways shall be deemed

to have been expended if a sum equal to the total of the sums authorized for such fiscal year and previous fiscal years since and including the fiscal year ending June 30, 1955, shall have been obligated. Any of such funds released by payment of final voucher or modification of project authorizations shall be credited to the balance of unobligated authorizations and be immediately available for expenditure.

SEC. 107. HIGHWAYS FOR ALASKA.

(a) APPORTIONMENT; MATCHING; SELECTION OF SYSTEMS.—The Territory of Alaska shall be entitled to share in funds herein or hereafter authorized for expenditure for projects on the Federal-aid primary and secondary highway systems, and extensions thereof within urban areas, under the Federal-Aid Road Act approved July 11, 1916 (39 Stat. 355), and Acts amendatory thereof or supplementary thereto, upon the same terms and conditions as the several States and Hawaii and Puerto Rico, and the Territory of Alaska shall be included in the calculations to determine the basis of apportionment of such funds, except that one-third only of the area of Alaska shall be used in the calculations to determine the area factor in the apportionment of such funds: *Provided*, That the Territory of Alaska shall contribute funds each fiscal year in an amount that shall be not less than 10 per centum of the Federal funds apportioned to it for such fiscal year, such contribution to be deposited in a special account in the Federal Treasury for use in conjunction with the Federal funds apportioned to the Territory. The system or systems of roads on which Federal-aid apportionments to the Territory of Alaska are to be expended shall be determined and agreed upon by the Governor of Alaska, the Territorial Highway Engineer of Alaska, and the Secretary of Commerce, without regard to the limitations contained in section 6 of the Federal Highway Act (42 Stat. 212), as amended and supplemented. The Federal funds apportioned to the Territory of Alaska and the funds contributed by such Territory in accordance herewith may be expended by the Secretary of Commerce either directly or in cooperation with the Territorial Board of Road Commissioners of Alaska, and may be so expended separately or in combination and without regard to the matching provisions of the Federal Highway Act (42 Stat. 212); and both such funds may be expended for the maintenance of roads within the system or systems of roads agreed upon under the same terms and conditions as for the construction of such roads.

It is the intent of the Congress that the Interstate System be completed as nearly as practicable over a thirteen-year period and that the entire System in all the States be brought to simultaneous completion. Because of its primary importance to the national defense, the name of such system is hereby changed to the "National System of Interstate and Defense Highways". Such National System of Interstate and Defense Highways is hereinafter in this Act referred to as the "Interstate System".

23 USC 60.

23 USC 60.
Post, p. 381.

(c) **APPORTIONMENTS FOR 1957, 1958, AND 1959.**—The additional sums herein authorized for the fiscal years ending June 30, 1957, June 30, 1958, and June 30, 1959, shall be apportioned among the several States in the following manner: one-half in the ratio which the population of each State bears to the total population of all the States, as shown by the latest available Federal census: *Provided*, That no State shall receive less than three-fourths of 1 per centum of the money so apportioned; and one-half in the manner now provided by law for the apportionment of funds for the Federal-aid primary system. The additional sum herein authorized for the fiscal year ending June 30, 1957,

shall be apportioned immediately upon enactment of this Act. The additional sums herein authorized for the fiscal years ending June 30, 1958, and June 30, 1959, shall be apportioned on a date not less than six months and not more than twelve months in advance of the beginning of the fiscal year for which authorized.

(d) **APPORTIONMENTS FOR SUBSEQUENT YEARS BASED UPON REVISED ESTIMATES OF COST.**—All sums authorized by this section to be appropriated for the fiscal years 1960 through 1969, inclusive, shall be apportioned among the several States in the ratio which the estimated cost of completing the Interstate System in each State, as determined and approved in the manner provided in this subsection, bears to the sum of the estimated cost of completing the Interstate System in all of the States. Each apportionment herein authorized for the fiscal years 1960 through 1969, inclusive, shall be made on a date as far in advance of the beginning of the fiscal year for which authorized as practicable but in no case more than eighteen months prior to the beginning of the fiscal year for which authorized. As soon as the standards provided for in subsection (i) have been adopted, the Secretary of Commerce, in cooperation with the State highway departments, shall make a detailed estimate of the cost of completing the Interstate System as then designated, after taking into account all previous apportionments made under this section, based upon such standards and in accordance with rules and regulations adopted by him and applied uniformly to all of the States. The Secretary of Commerce shall transmit such estimate to the Senate and the House of Representatives within ten days subsequent to January 2, 1958. Upon approval of such estimate by the Congress by concurrent resolution, the Secretary of Commerce shall use such approved estimate in making apportionments for the fiscal years ending June 30, 1960, June 30, 1961, and June 30, 1962. The Secretary of Commerce shall make a revised estimate of the cost of completing the then designated Interstate System, after taking into account all previous apportionments made under this section, in the same manner as stated above, and transmit the same to the Senate and the House of Representatives within ten days subsequent to January 2, 1962. Upon approval of such estimate by the Congress by concurrent resolution, the Secretary of Commerce shall use such approved estimate in making apportionments for the fiscal years ending June 30, 1963, June 30, 1964, June 30, 1965, and June 30, 1966. The Secretary of Commerce shall make a revised estimate of the cost of completing the then designated Interstate System, after taking into account all previous apportionments made under this section, in the same manner as stated above, and transmit the same to the Senate and the House of Representatives within ten days subsequent to January 2, 1966, and annually thereafter through and including January 2, 1968. Upon approval of any such estimate by the Congress by concurrent resolution, the Secretary of Commerce shall use such approved estimate in making apportionments for the fiscal year which begins next following the fiscal year in which such report is transmitted to the Senate and the House of Representatives. Whenever the Secretary of Commerce, pursuant to this subsection, requests and receives estimates of cost from the State highway departments, he shall furnish copies of such estimates at the same time to the Senate and the House of Representatives.

Transmittal of
estimate to Con-
gress.

(e) **FEDERAL SHARE.**—The Federal share payable on account of any project on the Interstate System provided for by funds made available under the provisions of this section shall be increased to 90 per centum of the total cost thereof, plus a percentage of the remaining 10 per centum of such cost in any State containing unappropriated and un-

reserved public lands and nontaxable Indian lands, individual and tribal, exceeding 5 per centum of the total area of all lands therein, equal to the percentage that the area of such lands in such State is of its total area: *Provided*, That such Federal share payable on any project in any State shall not exceed 95 per centum of the total cost of such project.

(f) AVAILABILITY FOR EXPENDITURE.—Any sums apportioned to any State under the provisions of this section shall be available for expenditure in that State for two years after the close of the fiscal year for which such sums are authorized: *Provided*, That such funds for any fiscal year shall be deemed to be expended if a sum equal to the total of the sums apportioned to the State specifically for the Interstate System for such fiscal year and previous fiscal years is covered by formal agreements with the Secretary of Commerce for the construction, reconstruction, or improvement of specific projects under this section.

(g) LAPSE OF AMOUNTS APPORTIONED.—Any amount apportioned to the States under the provisions of this section unexpended at the end of the period during which it is available for expenditure under the terms of subsection (f) of this section shall lapse, and shall immediately be reapportioned among the other States in accordance with the provisions of subsection (d) of this section: *Provided*, That any Interstate System funds released by the payment of the final voucher or by the modification of the formal project agreement shall be credited to the Interstate System funds previously apportioned to the State and be immediately available for expenditure.

(h) CONSTRUCTION BY STATES IN ADVANCE OF APPORTIONMENT.—In any case in which a State has obligated all funds apportioned to it under this section and proceeds, subsequent to the date of enactment of this Act, to construct (without the aid of Federal funds) any project (including one or more parts of any project) on the Interstate System, as designated at that time, in accordance with all procedures and all requirements applicable to projects financed under the provisions of this section (except insofar as such procedures and requirements limit a State to the construction of projects with the aid of Federal funds previously apportioned to it), the Secretary of Commerce, upon application by such State and his approval of such application, is authorized, whenever additional funds are apportioned to such State under this section, to pay to such State from such funds the Federal share of the costs of construction of such project: *Provided*, That prior to construction of any such project, the plans and specifications therefor shall have been approved by the Secretary of Commerce in the same manner as other projects on the Interstate System: *Provided further*, That any such project shall conform to the standards adopted under subsection (i). In determining the apportionment for any fiscal year under the provisions of subsection (d) of this section, any such project constructed by a State without the aid of Federal funds shall not be considered completed until an application under the provisions of this subsection with respect to such project has been approved by the Secretary of Commerce.

(i) STANDARDS.—The geometric and construction standards to be adopted for the Interstate System shall be those approved by the Secretary of Commerce in cooperation with the State highway departments. Such standards shall be adequate to accommodate the types and volumes of traffic forecast for the year 1975. The right-of-way width of the Interstate System shall be adequate to permit construction of projects on the Interstate System up to such standards. The Secretary of Commerce shall apply such standards uniformly throughout the States. Such standards shall be adopted by

the Secretary of Commerce in cooperation with the State highway departments as soon as practicable after the enactment of this Act.

(j) **MAXIMUM WEIGHT AND WIDTH LIMITATIONS.**—No funds authorized to be appropriated for any fiscal year by this section shall be apportioned to any State within the boundaries of which the Interstate System may lawfully be used by vehicles with weight in excess of eighteen thousand pounds carried on any one axle, or with a tandem-axle weight in excess of thirty-two thousand pounds, or with an overall gross weight in excess of 73,280 pounds, or with a width in excess of 96 inches, or the corresponding maximum weights or maximum widths permitted for vehicles using the public highways of such State under laws or regulations established by appropriate State authority in effect on July 1, 1956, whichever is the greater. Any amount which is withheld from apportionment to any State pursuant to the foregoing provisions shall lapse: *Provided, however,* That nothing herein shall be construed to deny apportionment to any State allowing the operation within such State of any vehicles or combinations thereof that could be lawfully operated within such State on July 1, 1956.

(k) **TESTS TO DETERMINE MAXIMUM DESIRABLE DIMENSIONS AND WEIGHTS.**—The Secretary of Commerce is directed to take all action possible to expedite the conduct of a series of tests, now planned or being conducted by the Highway Research Board of the National Academy of Sciences, in cooperation with the Bureau of Public Roads, the several States, and other persons and organizations, for the purpose of determining the maximum desirable dimensions and weights for vehicles operated on the Federal-aid highway systems, including the Interstate System, and, after the conclusion of such tests, but not later than March 1, 1959, to make recommendations to the Congress with respect to such maximum desirable dimensions and weights.

(l) **INCREASE IN MILEAGE.**—Section 7 of the Federal-Aid Highway Act of 1944 (58 Stat. 838), relating to the Interstate System, is hereby amended by striking out “forty thousand”, and inserting in lieu thereof “forty-one thousand”: *Provided,* That the cost of completing any mileage designated from the one thousand additional miles authorized by this subsection shall be excluded in making the estimates of cost for completing the Interstate System as provided in subsection (d) of this section.

23 USC 60.

SEC. 109. ACQUISITION OF RIGHTS-OF-WAY FOR INTERSTATE SYSTEM.

(a) **FEDERAL ACQUISITION FOR STATES.**—In any case in which the Secretary of Commerce is requested by any State to acquire any lands or interests in lands (including within the term “interests in lands”, the control of access thereto from adjoining lands) required by such State for right-of-way or other purposes in connection with the prosecution of any project for the construction, reconstruction, or improvement of any section of the Interstate System, the Secretary of Commerce is authorized, in the name of the United States and prior to the approval of title by the Attorney General, to acquire, enter upon, and take possession of such lands or interests in lands by purchase, donation, condemnation, or otherwise in accordance with the laws of the United States (including the Act of February 26, 1931, 46 Stat. 1421), if—

40 USC 258a-258a.

(1) the Secretary of Commerce has determined either that such State is unable to acquire necessary lands or interests in lands, or is unable to acquire such lands or interests in lands with sufficient promptness; and

(2) such State has agreed with the Secretary of Commerce to pay, at such time as may be specified by the Secretary of Commerce, an amount equal to 10 per centum of the costs incurred by

the Secretary of Commerce, in acquiring such lands or interests in lands, or such lesser percentage which represents the State's pro rata share of project costs as determined in accordance with section 108 (e) of this title.

The authority granted by this section shall also apply to lands and interests in lands received as grants of land from the United States and owned or held by railroads or other corporations.

(b) **COSTS OF ACQUISITION.**—The costs incurred by the Secretary of Commerce in acquiring any such lands or interests in lands may include the cost of examination and abstract of title, certificate of title, advertising, and any fees incidental to such acquisition. All costs incurred by the Secretary of Commerce in connection with the acquisition of any such lands or interests in lands shall be paid from the funds for construction, reconstruction, or improvement of the Interstate System apportioned to the State upon the request of which such lands or interests in lands are acquired, and any sums paid to the Secretary of Commerce by such State as its share of the costs of acquisition of such lands or interests in lands shall be deposited in the Treasury to the credit of the appropriation for Federal-aid highways and shall be credited to the amount apportioned to such State as its apportionment of funds for construction, reconstruction, or improvement of the Interstate System, or shall be deducted from other moneys due the State for reimbursement under section 108 of this title.

(c) **CONVEYANCE OF ACQUIRED LANDS TO THE STATES.**—The Secretary of Commerce is further authorized and directed by proper deed, executed in the name of the United States, to convey any such lands or interests in lands acquired in any State under the provisions of this section, except the outside five feet of any such right-of-way in any State which does not provide control of access, to the State highway department of such State or such political subdivisions thereof as its laws may provide, upon such terms and conditions as to such lands or interests in lands as may be agreed upon by the Secretary of Commerce and the State highway department or political subdivisions to which the conveyance is to be made. Whenever the State makes provision for control of access satisfactory to the Secretary of Commerce, the outside five feet then shall be conveyed to the State by the Secretary of Commerce, as herein provided.

(d) **RIGHTS-OF-WAY OVER PUBLIC LANDS.**—Whenever rights-of-way, including control of access, on the Interstate System are required over public lands or reservations of the United States, the Secretary of Commerce may make such arrangements with the agency having jurisdiction over such lands as may be necessary to give the State or other person constructing the projects on such lands adequate rights-of-way and control of access thereto from adjoining lands, and any such agency is hereby directed to cooperate with the Secretary of Commerce in this connection.

SEC. 110. AVAILABILITY OF FUNDS TO ACQUIRE RIGHTS-OF-WAY AND TO MAKE ADVANCES TO THE STATES.

(a) **ADVANCE RIGHT-OF-WAY ACQUISITIONS.**—For the purpose of facilitating the acquisition of rights-of-way on any of the Federal-aid highway systems, including the Interstate System, in the most expeditious and economical manner, and recognizing that the acquisition of rights-of-way requires lengthy planning and negotiations if it is to be done at a reasonable cost, the Secretary of Commerce is hereby authorized, upon request of a State highway department, to make available to such State for acquisition of rights-of-way, in anticipation of construction and under such rules and regulations as the Secretary of Commerce may prescribe, the funds apportioned to such State for expenditure on any of the Federal-aid highway systems,

including the Interstate System: *Provided*, That the agreement between the Secretary of Commerce and the State highway department for the reimbursement of the cost of such rights-of-way shall provide for the actual construction of a road on such rights-of-way within a period not exceeding five years following the fiscal year in which such request is made: *Provided further*, That Federal participation in the cost of rights-of-way so acquired shall not exceed the Federal pro rata share applicable to the class of funds from which Federal reimbursement is made.

(b) **ADVANCES TO STATES.**—Section 6 of the Federal-Aid Highway Act of 1944 is hereby amended to read as follows:

58 Stat. 841.

“SEC. 6. If the Secretary of Commerce shall determine that it is necessary for the expeditious completion of projects on any of the Federal-aid highway systems, including the Interstate System, he may advance to any State out of any existing appropriations the Federal share of the cost of construction thereof to enable the State highway department to make prompt payments for acquisition of rights-of-way, and for construction as it progresses. The sums so advanced shall be deposited in a special revolving trust fund, by the State official authorized under the laws of the State to receive Federal-aid highway funds, to be disbursed solely upon vouchers approved by the State highway department for rights-of-way which have been or are being acquired, and for construction which has been actually performed and approved by the Secretary of Commerce. Upon determination by the Secretary of Commerce that any part of the funds advanced to any State under the provisions of this section are no longer required, the amount of the advance which is determined to be in excess of current requirements of the State shall be repaid upon his demand, and such repayments shall be returned to the credit of the appropriation from which the funds were advanced. Any sums advanced and not repaid on demand shall be deducted from sums due the State for the Federal pro rata share of the cost of construction of Federal-aid projects.”

SEC. 111. RELOCATION OF UTILITY FACILITIES.

(a) **AVAILABILITY OF FEDERAL FUNDS FOR REIMBURSEMENT TO STATES.**—Subject to the conditions contained in this section, whenever a State shall pay for the cost of relocation of utility facilities necessitated by the construction of a project on the Federal-aid primary or secondary systems or on the Interstate System, including extensions thereof within urban areas, Federal funds may be used to reimburse the State for such cost in the same proportion as Federal funds are expended on the project: *Provided*, That Federal funds shall not be apportioned to the States under this section when the payment to the utility violates the law of the State or violates a legal contract between the utility and the State.

(b) **UTILITY DEFINED.**—For the purposes of this section, the term “utility” shall include publicly, privately, and cooperatively owned utilities.

(c) **COST OF RELOCATION DEFINED.**—For the purposes of this section, the term “cost of relocation” shall include the entire amount paid by such utility properly attributable to such relocation after deducting therefrom any increase in the value of the new facility and any salvage value derived from the old facility.

SEC. 112. AGREEMENTS RELATING TO USE OF AND ACCESS TO RIGHTS-OF-WAY.

All agreements between the Secretary of Commerce and the State highway department for the construction of projects on the Interstate System shall contain a clause providing that the State will not add

any points of access to, or exit from, the project in addition to those approved by the Secretary in the plans for such project, without the prior approval of the Secretary. Such agreements shall also contain a clause providing that the State will not permit automotive service stations or other commercial establishments for serving motor vehicle users to be constructed or located on the rights-of-way of the Interstate System. Such agreements may, however, authorize a State or political subdivision thereof to use the air space above and below the established grade line of the highway pavement for the parking of motor vehicles provided such use does not interfere in any way with the free flow of traffic on the Interstate System.

SEC. 113. TOLL ROADS, BRIDGES, AND TUNNELS.

(a) **APPROVAL AS PART OF INTERSTATE SYSTEM.**—Upon a finding by the Secretary of Commerce that such action will promote the development of an integrated Interstate System, the Secretary is authorized to approve as part of the Interstate System any toll road, bridge, or tunnel, now or hereafter constructed which meets the standards adopted for the improvement of projects located on the Interstate System, whenever such toll road, bridge, or tunnel is located on a route heretofore or hereafter designated as a part of the Interstate System: *Provided*, That no Federal-aid highway funds shall be expended for the construction, reconstruction, or improvement of any such toll road except to the extent hereafter permitted by law: *Provided further*, That no Federal-aid highway funds shall be expended for the construction, reconstruction, or improvement of any such toll bridge or tunnel except to the extent now or hereafter permitted by law.

(b) **APPROACHES HAVING OTHER USE.**—The funds authorized under this title, or under prior Acts, shall be available for expenditure on projects approaching any toll road, bridge, or tunnel to a point where such project will have some use irrespective of its use for such toll road, bridge, or tunnel.

(c) **APPROACHES HAVING NO OTHER USE.**—The funds authorized under section 108 (b) of this title, or under prior Acts, shall be available for expenditure on Interstate System projects approaching any toll road on the Interstate System, even though the project has no use other than as an approach to such toll road: *Provided*, That agreement satisfactory to the Secretary of Commerce has been reached with the State prior to approval of any such project (1) that the section of toll road will become free to the public upon the collection of tolls sufficient to liquidate the cost of the toll road or any bonds outstanding at the time constituting a valid lien against said section of toll road covered in the agreement and their maintenance and operation and debt service during the period of toll collections, and (2) that there is one or more reasonably satisfactory alternate free routes available to traffic by which the toll section of the System may be bypassed.

(d) **EFFECT ON CERTAIN PRIOR ACTS.**—Nothing in this title shall be deemed to repeal the Act approved March 3, 1927 (44 Stat. 1398), or subsection (g) of section 204 of the National Industrial Recovery Act (48 Stat. 200), and such Acts are hereby amended to include tunnels as well as bridges.

23 USC 9a.

23 USC 9b.

SEC. 114. DETERMINATION OF POLICY WITH RESPECT TO REIMBURSEMENT FOR CERTAIN HIGHWAYS.

It is hereby declared to be the intent and policy of the Congress to determine whether or not the Federal Government should equitably reimburse any State for a portion of a highway which is on the Interstate System, whether toll or free, the construction of which has been completed subsequent to August 2, 1947, or which is either in actual use or under construction by contract, for completion, awarded not later than June 30, 1957: *Provided*, That such highway meets the

standards required by this title for the Interstate System. The time, method, and amounts of such reimbursement, if any, shall be determined by the Congress following a study which the Secretary of Commerce is hereby authorized and directed to conduct, in cooperation with the State highway departments, and other agencies as may be required, to determine which highways in the Interstate System measure up to the standards required by this title, including all related factors of cost, depreciation, participation of Federal funds, and any other items relevant thereto. A complete report of the results of such study shall be submitted to the Congress within ten days subsequent to January 2, 1958.

Report to Congress.

SEC. 115. PREVAILING RATE OF WAGE.

(a) APPLICATION OF DAVIS-BACON ACT.—The Secretary of Commerce shall take such action as may be necessary to insure that all laborers and mechanics employed by contractors or subcontractors on the initial construction work performed on highway projects on the Interstate System authorized under section 108 of this title shall be paid wages at rates not less than those prevailing on the same type of work on similar construction in the immediate locality as determined by the Secretary of Labor in accordance with the Act of August 30, 1935, known as the Davis-Bacon Act (40 U. S. C., sec. 276-a).

46 Stat. 1494.
40 USC 276a
276a-6.

(b) CONSULTATION WITH STATE HIGHWAY DEPARTMENTS; PREDETERMINATION OF RATES.—In carrying out the duties of the foregoing subsection, the Secretary of Labor shall consult with the highway department of the State in which a project on the Interstate System is to be performed. After giving due regard to the information thus obtained, he shall make a predetermination of the minimum wages to be paid laborers and mechanics in accordance with the provisions of the foregoing subsection which shall be set out in each project advertisement for bids and in each bid proposal form and shall be made a part of the contract covering the project.

SEC. 116. DECLARATIONS OF POLICY WITH RESPECT TO FEDERAL-AID HIGHWAY PROGRAM.

(a) ACCELERATION OF PROGRAM.—It is hereby declared to be in the national interest to accelerate the construction of the Federal-aid highway systems, including the Interstate System, since many of such highways, or portions thereof, are in fact inadequate to meet the needs of local and interstate commerce, the national and the civil defense.

(b) COMPLETION OF INTERSTATE SYSTEM; PROGRESS REPORT ON FEDERAL-AID HIGHWAY PROGRAM.—It is further declared that one of the most important objectives of this Act is the prompt completion of the Interstate System. Insofar as possible in consonance with this objective, existing highways located on an interstate route shall be used to the extent that such use is practicable, suitable, and feasible, it being the intent that local needs, to the extent practicable, suitable, and feasible, shall be given equal consideration with the needs of interstate commerce. The Secretary of Commerce is hereby directed to submit to the Congress not later than February 1, 1959, a report on the progress made in attaining the objectives set forth in this subsection and in subsection (a), together with recommendations.

Report to Congress.

(c) PUBLIC HEARINGS.—Any State highway department which submits plans for a Federal-aid highway project involving the bypassing of, or going through, any city, town, or village, either incorporated or unincorporated, shall certify to the Commissioner of Public Roads that it has had public hearings, or has afforded the opportunity for such hearings, and has considered the economic effects of such a location: *Provided*, That, if such hearings have been held, a copy of the tran-

script of said hearings shall be submitted to the Commissioner of Public Roads, together with the certification.

(d) **PARTICIPATION BY SMALL BUSINESS ENTERPRISES.**—It is hereby declared to be in the national interest to encourage and develop the actual and potential capacity of small business and to utilize this important segment of our economy to the fullest practicable extent in construction of the Federal-aid highway systems, including the Interstate System. (3) METHOD OF TRANSFER.—The amounts appropriated by paragraphs (1) and (2) shall be transferred at least monthly from the general fund of the Treasury to the Trust Fund on the basis of estimates by the Secretary of the Treasury of the amounts, referred to in paragraphs (1) and (2), received in the Treasury.

Proper adjustments shall be made in the amounts subsequently transferred to the extent prior estimates were in excess of or less than the amounts required to be transferred.

(d) **ADDITIONAL APPROPRIATIONS TO TRUST FUND.**—There are hereby authorized to be appropriated to the Trust Fund, as repayable advances, such additional sums as may be required to make the expenditures referred to in subsection (f).

(e) **MANAGEMENT OF TRUST FUND.**—

(1) **IN GENERAL.**—It shall be the duty of the Secretary of the Treasury to hold the Trust Fund, and (after consultation with the Secretary of Commerce) to report to the Congress not later than the first day of March of each year on the financial condition and the results of the operations of the Trust Fund during the preceding fiscal year and on its expected condition and operations during each fiscal year thereafter up to and including the fiscal year ending June 30, 1973. Such report shall be printed as a House document of the session of the Congress to which the report is made. Report to Congress.

(2) **INVESTMENT.**—It shall be the duty of the Secretary of the Treasury to invest such portion of the Trust Fund as is not, in his judgment, required to meet current withdrawals. Such investments may be made only in interest-bearing obligations of the United States or in obligations guaranteed as to both principal and interest by the United States. For such purpose such obligations may be acquired (A) on original issue at par, or (B) by purchase of outstanding obligations at the market price. The purposes for which obligations of the United States may be issued under the Second Liberty Bond Act, as amended, are hereby extended to authorize the issuance at par of special obligations exclusively to the Trust Fund. Such special obligations shall bear interest at a rate equal to the average rate of interest, computed as to the end of the calendar month next preceding the date of such issue, borne by all marketable interest-bearing obligations of the United States then forming a part of the Public Debt; except that where such average rate is not a multiple of one-eighth of 1 percent, the rate of interest of such special obligations shall be the multiple of one-eighth of 1 percent next lower than such average rate. Such special obligations shall be issued only if the Secretary of the Treasury determines that the purchase of other interest-bearing obligations of the United States, or of obligations guaranteed as to both principal and interest by the United States on original issue or at the market price, is not in the public interest. Advances to the Trust Fund pursuant to subsection (d) shall not be invested. 40 Stat. 288.
31 USC 774.

(3) **SALE OF OBLIGATIONS.**—Any obligation acquired by the Trust Fund (except special obligations issued exclusively to the Trust Fund) may be sold by the Secretary of the Treasury at the market price, and such special obligations may be redeemed at par plus accrued interest.

(4) **INTEREST AND CERTAIN PROCEEDS.**—The interest on, and the proceeds from the sale or redemption of, any obligations held in the Trust Fund shall be credited to and form a part of the Trust Fund.

(f) **EXPENDITURES FROM TRUST FUND.**—

(1) **FEDERAL-AID HIGHWAY PROGRAM.**—Amounts in the Trust Fund shall be available, as provided by appropriation Acts, for making expenditures after June 30, 1956, and before July 1, 1972, to meet those obligations of the United States heretofore or hereafter incurred under the Federal-Aid Road Act approved July

39 Stat. 355.

note; 16 USC 503.

11, 1916, as amended and supplemented, which are attributable to Federal-aid highways (including those portions of general administrative expenses of the Bureau of Public Roads payable from such appropriations).

(2) **REPAYMENT OF ADVANCES FROM GENERAL FUND.**—Advances made pursuant to subsection (d) shall be repaid, and interest on such advances shall be paid, to the general fund of the Treasury when the Secretary of the Treasury determines that moneys are available in the Trust Fund for such purposes. Such interest shall be at rates computed in the same manner as provided in subsection (e) (2) for special obligations and shall be compounded annually.

(3) **TRANSFERS FROM TRUST FUND FOR GASOLINE USED ON FARMS AND FOR CERTAIN OTHER PURPOSES.**—The Secretary of the Treasury shall pay from time to time from the Trust Fund into the general fund of the Treasury amounts equivalent to the amounts paid before July 1, 1973, under sections 6420 (relating to amounts paid in respect of gasoline used on farms) and 6421 (relating to amounts paid in respect of gasoline used for certain nonhighway purposes or by local transit systems) of the Internal Revenue Code of 1954 on the basis of claims filed for periods beginning after June 30, 1956, and ending before July 1, 1972.

(4) **FLOOR STOCKS REFUNDS.**—The Secretary of the Treasury shall pay from time to time from the Trust Fund into the general fund of the Treasury amounts equivalent to the following percentages of the floor stocks refunds made before July 1, 1973, under section 6412 (a) (2) of the Internal Revenue Code of 1954—

(A) 40 percent of the refunds in respect of articles subject to the tax imposed by section 4061 (a) (1) of such Code (trucks, buses, etc.);

(B) 100 percent of the refunds in respect of articles subject to tax under section 4071 (a) (1) or (4) of such Code (tires of the type used on highway vehicles and tread rubber); and

(C) 66⅔ percent of the refunds in respect of gasoline subject to tax under section 4081 of such Code.

(g) **ADJUSTMENTS OF APPORTIONMENTS.**—The Secretary of the Treasury shall from time to time, after consultation with the Secretary of Commerce, estimate the amounts which will be available in the Highway Trust Fund (excluding repayable advances) to defray the expenditures which will be required to be made from such fund. In any case in which the Secretary of the Treasury determines that, after all other expenditures required to be made from the Highway Trust Fund have been defrayed, the amounts which will be available in such fund (excluding repayable advances) will be insufficient to defray the expenditures which will be required as a result of the apportionment to the States of the amounts authorized to be appropriated for any fiscal year for the construction, reconstruction, or improvement of the Interstate System, he shall so advise the Secretary of Commerce and shall further advise the Secretary of Commerce as to the amount which, after all other expenditures required to be made from such fund have been defrayed, will be available in such fund (excluding repayable advances) to defray the expenditures required as a result of apportionment to the States of Federal-aid highway funds for the Interstate System for such fiscal year. The Secretary of Commerce shall determine the percentage which such amount is of the amount authorized to be appropriated for such fiscal year for the construction, reconstruction, or improvement of the Interstate System and, notwithstanding any other provision of law, shall there-

after apportion to the States for such fiscal year for the construction, reconstruction, or improvement of the Interstate System, in lieu of the amount which but for the provisions of this subsection would be so apportioned, the amount obtained by multiplying the amount authorized to be appropriated for such fiscal year by such percentage. Whenever the Secretary of the Treasury determines that there will be available in the Highway Trust Fund (excluding repayable advances) amounts which, after all other expenditures required to be made from such fund have been defrayed, will be available to defray the expenditures required as a result of the apportionment of any Federal-aid highway funds for the Interstate System previously withheld from apportionment for any fiscal year, he shall so advise the Secretary of Commerce and the Secretary of Commerce shall apportion to the States such portion of the funds so withheld from apportionment as the Secretary of the Treasury has advised him may be so apportioned without causing expenditures from the Highway Trust Fund for the Interstate System to exceed amounts available in such fund (excluding repayable advances) to defray such expenditures. Any funds apportioned pursuant to the provisions of the preceding sentence shall remain available for expenditure until the close of the third fiscal year following that in which apportioned.

SEC. 210. INVESTIGATION AND REPORT TO CONGRESS.

(a) **PURPOSE.**—The purpose of this section is to make available to the Congress information on the basis of which it may determine what taxes should be imposed by the United States, and in what amounts, in order to assure, insofar as practicable, an equitable distribution of the tax burden among the various classes of persons using the Federal-aid highways or otherwise deriving benefits from such highways.

(b) **STUDY AND INVESTIGATION.**—In order to carry out the purpose of this section, the Secretary of Commerce is hereby authorized and directed, in cooperation with other Federal officers and agencies (particularly the Interstate Commerce Commission) and with the State highway departments, to make a study and investigation of—

(1) the effects on design, construction, and maintenance of Federal-aid highways of (A) the use of vehicles of different dimensions, weights, and other specifications, and (B) the frequency of occurrences of such vehicles in the traffic stream,

(2) the proportionate share of the design, construction, and maintenance costs of the Federal-aid highways attributable to each class of persons using such highways, such proportionate share to be based on the effects referred to in paragraph (1) and the benefits derived from the use of such highways, and

(3) any direct and indirect benefits accruing to any class which derives benefits from Federal-aid highways, in addition to benefits from actual use of such highways, which are attributable to public expenditures for such highways.

(c) **COORDINATION WITH OTHER STUDIES.**—The Secretary of Commerce shall coordinate the study and investigation required by this section with—

(1) the research and other activities authorized by section 10 of the Federal-Aid Highway Act of 1954, and

(2) the tests referred to in section 108 (k) of this Act.

(d) **REPORTS ON STUDY AND INVESTIGATION.**—The Secretary of Commerce shall report to the Congress the results of the study and investigation required by this section. The final report shall be made as soon as possible but in no event later than March 1, 1959. On or before March 1, 1957, and on or before March 1, 1958, the Secretary of Commerce shall report to the Congress the progress that has been made in

68 Stat. 74.
23 USC 21-1.

carrying out the study and investigation required by this section. Each such report shall be printed as a House document of the session of the Congress to which the report is made.

(e) **FUNDS FOR STUDY AND INVESTIGATION.**—There are hereby authorized to be appropriated out of the Highway Trust Fund such sums as may be necessary to enable the Secretary of Commerce to carry out the provisions of this section.

“(2) in a proceeding under section 77 of the Bankruptcy Act, and the acquiring corporation is a railroad corporation (as defined in section 77 (m) of the Bankruptcy Act) organized or made use of to effectuate a plan of reorganization approved by the court in such proceeding, the basis shall be the same as it would be in the hands of the railroad corporation whose property was so acquired, increased in the amount of gain recognized under subsection (a) (2) to the transferor on such transfer.

(a) Section 106 of the Internal Revenue Code of 1939 (relating to claims against the United States involving acquisition of property) is hereby amended to read as follows:

“SEC. 106. CERTAIN CLAIMS AGAINST UNITED STATES.

“In the case of any amount (other than interest) received by a taxpayer from the United States with respect to a claim against the United States—

“(a) involving the acquisition of property and remaining unpaid for more than 15 years, or

“(b) arising under a contract for the construction of installations or facilities for any branch of the armed services of the

United States and remaining unpaid for more than 5 years from the date such claim first accrued and paid prior to January 1, 1950,

the portion of the tax imposed by section 12 attributable to such amount (other than interest) shall not exceed 30 percent thereof. In applying section 291 (a) (relating to additions to the tax for failure to file a return) in any case to which paragraph (b) of this section applies, the term 'reasonable cause' shall include the filing of a timely incomplete return under circumstances which led the taxpayer to believe that no tax was due on amounts received under a settlement with the United States."

(b) The amendment made by this section shall apply with respect to taxable years ending after December 31, 1948, notwithstanding the operation of any law or rule of law (other than section 3760 of the Internal Revenue Code of 1939 or section 7121 of the Internal Revenue Code of 1954, relating to closing agreements, and other than section 3761 of the Internal Revenue Code of 1939 or section 7122 of the Internal Revenue Code of 1954, relating to compromises). Notwithstanding the preceding sentence, no claim for credit or refund of any overpayment resulting from the amendment made by this section shall be allowed or made after the period of limitation applicable to such overpayment, except that such period shall not expire before the expiration of one year after the date of the enactment of this Act.

SEC. 3. CERTAIN DISTRIBUTIONS IN KIND.

(a) Section 115 of the Internal Revenue Code of 1939 (relating to distributions by corporations) is hereby amended by adding at the end thereof the following new subsection:

53 Stat. 46.

"(n) CERTAIN DISTRIBUTIONS IN KIND.—

"(1) Notwithstanding any other provision of this section, a distribution of property by a corporation to its stockholders, with respect to its stock, shall be (except as provided in paragraph (2)) considered to be a distribution which is not a dividend (whether or not otherwise a dividend) to the extent that the fair market value of such property exceeds the earnings and profits of such corporation accumulated after February 28, 1913, and the earnings and profits of the taxable year (computed as of the close of the taxable year without diminution by reason of any distributions, except those described in subparagraphs (A), (B), and (C) of paragraph (3), made during the taxable year) without regard to the amount of the earnings and profits at the time the distribution was made. The preceding sentence shall not prevent the application of subsection (d) to any such distribution.

"(2) If any portion of a distribution of property by a corporation to its shareholders, with respect to its stock, is a dividend solely by reason of the last sentence of subsection (a), then—

"(A) paragraph (1) shall not apply to such distribution, but

"(B) such distribution shall be considered to be a distribution which is not a dividend (whether or not otherwise a dividend) to the extent that the fair market value of such property exceeds the Subchapter A net income referred to in the last sentence of subsection (a), adjusted as provided in such sentence.

In applying this paragraph, distributions described in subparagraphs (A), (B), and (C) of paragraph (3) shall be taken into account before other distributions.

“(3) This subsection shall apply to any distribution of property other than—

“(A) money,

“(B) inventory assets, as defined in section 312 (b) (2) of the Internal Revenue Code of 1954, or

“(C) distributions described in section 312 (j) of the Internal Revenue Code of 1954.”

Effective date.

(b) The amendment made by this section to section 115 of the Internal Revenue Code of 1939 shall be effective as if it were a part of such section on the date of enactment of the Internal Revenue Code of 1939, except that it shall not apply to any taxable year of a shareholder which was a corporation and which filed a return for such year reporting dividends in accordance with publicly announced litigation policies of the Secretary or his delegate which had not been revoked at the time such return was filed. No interest shall be allowed or paid in respect of any overpayment of tax resulting from the amendment made by this section.

The Secretary is hereby authorized to transfer to the association, (a) those structures covered by agreement between the United States and the association dated April 1, 1953, and bearing contract numbered 14-06-303-490, as amended March 29, 1955, and a twenty-four-stall garage in the vicinity of said structures in consideration of the cash payment or addition to the said general repayment obligation of the net book cost of \$15,000 less the aggregate of payments made by the association to the United States prior to the date of such transfer under said agreement and under agreement between the United States and the association dated November 6, 1952, and bearing contract numbered 14-06-303-79; and (b) the buildings located at 105, 115, and 121 North Fifth Avenue, respectively, and at 460 First Street, within the exterior boundaries of the city of Yuma, Arizona, in consideration of the cash payment or addition to said general repayment obligation of the further sum of \$3,756.87: *Provided*, That such transfers shall not include title to the lands on which any such structures or buildings are located.

The net profits to be deducted pursuant to section 2 hereof shall constitute the portion determined by the Secretary to be allocable to said Valley Division of such profits derived to and including the June 30 immediately preceding the date of said contract from the following: leases, permits, and other arrangements for use of project lands and other project property within the division, the sale or use of townsites within the division, the sale of small tracts within the division pursuant to the Act of March 31, 1950 (64 Stat. 39, 43 U. S. C., secs. 375b-375f), and the furnishing of water or water service to other than water-right applicants from the irrigation works of the division. The contract authorized by section 1 hereof may also provide that for each subsequent fiscal year that portion of the net profits derived from the above-mentioned sources as well as the net profits from the Siphon Drop Powerplant after reserves for replacements, and/or depreciation and/or other appropriate purposes determined by the Secretary to be allocable to the division shall be credited annually, first on account of general repayment installments under said contract to become payable for the calendar year next following such fiscal year and second on account of operation and maintenance charges to become payable by the association to the United States for such calendar year, including but not limited to advance payments by the association for operation and maintenance of Siphon Drop Powerplant and payments for any rehabilitation work undertaken by the United States on behalf of the division. There is authorized to be transferred and deposited from time to time to the credit of the operation and maintenance appropriation for the Bureau of Reclamation from project revenues deposited in the reclamation fund amounts equal to the credits so applied on account of operation and maintenance charges payable by the association to the United States. The amounts thus credited to the operation and maintenance appropriation may be expended for the same objects and in the same manner as sums advanced by the association for the operation and maintenance of works retained by the United States: *Provided*, That if the Secretary determines that the portion of such net profits allocable to the division and available for such credit during any calendar year exceeds the aggregate of the general repayment installment, if any, and the operation and maintenance charge payable by the association to the United States, he may pay the amount of such excess to the association from the reclamation fund.

In such a case the Administrator, where necessary to protect the interest of the eligible person, may designate some other person (who may be the eligible person himself) as the person by or with respect to whom the action so required should be taken.

TITLE II—ELIGIBILITY AND ENTITLEMENT

SEC. 203. TITLE III—PROGRAM OF EDUCATION

DEVELOPMENT OF EDUCATIONAL PLAN

SEC. 301. Upon provisional approval of an application for educational assistance, the Administrator shall arrange for, and the eligible person shall take advantage of, educational or vocational counseling to assist the parent or guardian and the eligible person in selecting his educational, vocational, or professional objective and in developing his program of education. During, or subsequent to, such counseling, the parent or guardian shall prepare for the eligible person an educational plan which shall set forth the selected objective, the proposed program of education, a list of the educational institutions at which such program would be pursued, an estimate of the sum which would be required for tuition and fees in completion of such program, and such other information as the Administrator shall require. This educational plan shall be signed by the parent or guardian and shall become an integral part of the application for educational assistance under this Act.

FINAL APPROVAL OF APPLICATION

SEC. 302. The Administrator shall finally approve an application if he finds (1) that section 301 has been complied with, (2) that the proposed program of education constitutes a "program of education" as that term is defined in this Act, (3) that the eligible person is not already qualified, by reason of previous education or training, for the educational, professional, or vocational objective for which the courses of the program of education are offered, and (4) that it does not appear that the pursuit of such program would violate any provision of this Act.

(2) in any instance where the eligible person has interrupted, or failed to progress in, his program due to his own misconduct,

his own neglect, or his own lack of application, there exists a reasonable likelihood with respect to the program which the eligible person proposes to pursue that there will not be a recurrence of such an interruption or failure to progress.

DISAPPROVAL OF ENROLLMENT IN CERTAIN COURSES

SEC. 304. (a) (1) The Administrator shall not approve the enrollment of an eligible person in any bartending course, dancing course, or personality development course.

TITLE IV—SPECIAL RESTORATIVE TRAINING

PURPOSE

SEC. 401. The purpose of special restorative training is to overcome, or lessen, the effects of a manifest physical or mental disability which would handicap an eligible person in the pursuit of a program of education.

ENTITLEMENT TO SPECIAL RESTORATIVE TRAINING

SEC. 402. (a) The Administrator at the request of the parent or guardian of an eligible person is authorized—

(1) to determine whether such person is in need of special restorative training; and

(2) where need is found to exist, to prescribe a course which is suitable to accomplish the purposes of this title.

Such a course, at the discretion of the Administrator, may contain elements that would contribute toward an ultimate objective of a program of education.

(b) In no event shall the total period of educational assistance under this title and other titles of this Act exceed the amount of entitlement as established in section 202, and the provisions of section 203 shall be applicable.

SPECIAL TRAINING ALLOWANCE

SEC. 403. (a) While the eligible person is enrolled in and pursuing a full-time course of special restorative training, the parent or guardian shall be entitled to receive on his behalf a special training allowance computed at the basic rate of \$110 per month. If the charges for tuition and fees applicable to any such course are in excess of \$35 per calendar month the basic monthly allowance may be increased by the amount that such charges exceed \$35 a month, upon election by the parent or guardian of the eligible person to have such person's period of entitlement reduced by one day for each \$3.60 that the special training allowance paid exceeds the basic monthly allowance.

(b) No payments of a special training allowance shall be made for the same period for which the payment of an educational assistance allowance is made or for any period during which the training is pursued on less than a full-time basis.

(a) In carrying out his responsibilities under this title the Administrator may by agreement arrange with public or private educational institutions or others to provide training arrangements as may be suitable and necessary to accomplish the purposes of this title. In any instance where the Administrator finds that a customary tuition charge is not applicable, he may agree on the fair and reasonable amounts which may be charged the parent or guardian for the training provided to an eligible person.

(b) The Administrator shall make such rules and regulations as he may deem necessary in order to promote good conduct on the part of the persons who are following courses of special restorative training and to otherwise carry out the purpose of this Act.

TITLE V—MISCELLANEOUS PROVISIONS

AUTHORITY AND DUTIES OF ADMINISTRATOR

SEC. 501. (a) The Administrator is authorized to prescribe, promulgate, and publish such rules and regulations as are consistent with the provisions of this Act and necessary to carry out its purposes. NONDUPLICATION OF BENEFITS

SEC. 502. (a) The commencement of a program of education or special restorative training under this Act shall be a bar to subsequent payments of compensation or pension under any law administered by the Veterans' Administration based on the death of a parent to an eligible person over the age of eighteen by reason of pursuing a course in an educational institution, or of increased rates, or additional amounts, of compensation or pension under any law administered by the Veterans' Administration because of such a person.

(b) No educational assistance allowance or special training allowance shall be paid on behalf of any eligible person under this Act for any period during which such person is enrolled in and pursuing a course of education or training paid for by the United States under any provision of law other than this Act, where the payment of an allowance would constitute a duplication of benefits paid from the Federal Treasury to the eligible person or to his parent or guardian in his behalf.

CONTROL BY AGENCIES OF UNITED STATES

SEC. 503. No department, agency, or officer of the United States, in carrying out this Act, shall exercise any supervision or control, whatsoever, over any State approving agency, or State educational agency, or any educational institution; however, nothing in this section shall be deemed to prevent any department, agency, or officer of the United States from exercising any supervision or control which such department, agency, or officer is authorized, by existing provisions of law, to exercise over any Federal educational institution or to prevent the furnishing of education under this Act in any institution over which supervision or control is exercised by such other department, agency, or officer under authority of existing provisions of law.

(b) The Administrator may, after reasonable notice and public hearings, waive in writing the application of this section in the case of any officer or employee of the Veterans' Administration, if he finds that no detriment will result to the United States or to eligible persons by reason of such interest or connection of such officer or employee.

REPORTS BY INSTITUTIONS

SEC. 505. (a) Educational institutions shall, without delay, report to the Administrator in the form prescribed by him, the enrollment, interruption, and termination of the education of each eligible person enrolled therein under this Act.

(b) The Administrator shall pay to each educational institution which is required to submit reports and certifications to the Administrator under this Act, an allowance at the rate of \$1 per month for each eligible person enrolled in and attending such institution under the provisions of this Act to assist the educational institution in defraying the expense of preparing and submitting such reports and certifications. Such allowances shall be paid in such manner and at such times as may be prescribed by the Administrator, except that in the event any institution fails to submit reports or certifications to the Administrator as required by this Act, no allowance shall be paid to such institution for the month or months during which such reports or certifications were not submitted as required by the Administrator.

OVERPAYMENTS TO ELIGIBLE PERSONS

SEC. 506. If the Administrator finds that an overpayment has been made to an eligible person as the result of (1) the willful or negligent failure of an educational institution to report, as required by this Act and applicable regulations, to the Veterans' Administration excessive absences from a course, or discontinuance or interruption of a course by the eligible person or (2) false certification by an educational institution, the amount of such overpayment shall constitute a liability of such institution, and may be recovered in the same manner as any other debt due the United States. Any amount so collected shall be reimbursed if the overpayment is recovered from the eligible person. This section shall not preclude the imposition of any civil or criminal action under this or any other Act.

EXAMINATION OF RECORDS

SEC. 507. The records and accounts of educational institutions pertaining to eligible persons who received education under this Act shall be available for examination by duly authorized representatives of the Government.

FALSE OR MISLEADING STATEMENTS

SEC. 508. The Administrator shall not make any payments under this Act to any person found by him to have willfully submitted any false or misleading claims. Whenever the Administrator finds that an educational institution has willfully submitted a false or misleading claim, or that a person with the complicity of an educational institution, has submitted such a claim, he shall make a complete report of the facts of the case to the appropriate State approving agency and where deemed advisable to the Attorney General of the United States for appropriate action.

writing purporting to be such, concerning any claim for payment under this Act, or pertaining to any matter arising under this Act,

(2) makes or presents any paper required under this Act on which paper a date other than the date upon which it was actually signed or acknowledged by the claimant has been willfully inserted,

(3) certifies falsely that the declarant, affiant, or witness named in such affidavit, declaration, voucher, endorsement, or other paper or writing personally appeared before him and was sworn thereto, or acknowledged the execution thereof, or

SEC. 511. There shall be no recovery of payments of educational assistance allowance made under this Act from any person who, in the judgment of the Administrator, is without fault on his part and where, in the judgment of the Administrator, such recovery would defeat the purpose of benefits otherwise authorized or would be against equity and good conscience. No disbursing officer or certifying officer shall be held liable for any amount paid to any person where the recovery of such amount is waived under this section.

of contracts.
43 USC 485h.

(1) include in any long-term contract hereafter entered into under said subsection (e) provision, if the other contracting party so requests, for renewal thereof under stated terms and conditions mutually agreeable to the parties. Such terms and conditions shall provide for an increase or decrease in the charges set forth in the contract to reflect, among other things, increases or decreases in construction, operation, and maintenance costs and improvement or deterioration in the party's repayment capacity. Any right of renewal shall be exercised within such reasonable time prior to the expiration of the contract as the parties shall have agreed upon and set forth therein;

(2) include in any long-term contract hereafter entered into under said subsection (e) with a contracting organization provision, if the organization so requests, for conversion of said contract, under stated terms and conditions mutually agreeable to the parties, to a contract under subsection (d) at such time as, account being taken of the amount credited to return by the organization as hereinafter provided, the remaining amount of construction cost which is properly assignable for ultimate return by it can probably be repaid to the United States within the term of a contract under said subsection (d);

(3) credit each year to every party which has entered into or which shall enter into a long-term contract pursuant to said subsection (e) so much of the amount paid by said party on or before the due date as is in excess of the share of the operation and maintenance costs of the project which the Secretary finds is properly chargeable to that party. Credit for payments heretofore made under any such contract shall be established by the Secretary as soon after the enactment of this Act as it is feasible for him to do so. After the sum of such credits is equal to the amount which would have been for repayment by the party if a repayment contract under subsection (d) had been entered into, which amount shall be established by the Secretary upon completion of the project concerned or as far in advance thereof as is feasible, no construction component shall be included in any charges made for the furnishing of water to the contracting party and any charges theretofore fixed by contract or otherwise shall be reduced accordingly;

(4) provide that the other party to any contract entered into pursuant to said subsection (d) or to any long-term contract entered into pursuant to said subsection (e) shall, during the term of the contract and of any renewal thereof and subject to fulfillment of all obligations thereunder, have a first right (to which right the rights of the holders of any other type of irrigation water contract shall be subordinate) to a stated share or quantity of the project's available water supply for beneficial use on the irrigable lands within the boundaries of, or owned by, the party and a permanent right to such share or quantity upon completion of payment of the amount assigned for ultimate return by the party subject to payment of an appropriate share of such

costs, if any, as may thereafter be incurred by the United States in its operation and maintenance of the project works; and

(5) provide for payment of rates under any contract entered into pursuant to said subsection (e) in advance of delivery of water on an annual or semiannual basis as specified in the contract.

(6) include a reasonable construction component in the rates set out in any long-term contract hereafter entered into under said subsection (e) prior to amortization of that part of the cost of constructing the project which is assigned to be repaid by the contracting party.

Water Pollution
Control Act Amend-
ments of 1956,
62 Stat. 1155.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Water Pollution Control Act (33 U. S. C. 466-466j) is hereby amended to read as follows:

"DECLARATION OF POLICY

Administration
of Act.

"SECTION 1. (a) In connection with the exercise of jurisdiction over the waterways of the Nation and in consequence of the benefits resulting to the public health and welfare by the prevention and control of water pollution, it is hereby declared to be the policy of Congress to recognize, preserve, and protect the primary responsibilities and rights of the States in preventing and controlling water pollution, to support and aid technical research relating to the prevention and control of water pollution, and to provide Federal technical services and financial aid to State and interstate agencies and to municipalities in connection with the prevention and control of water pollution. To this end, the Surgeon General of the Public Health Service shall administer this Act through the Public Health Service and under the supervision and direction of the Secretary of Health, Education, and Welfare.

"(b) Nothing in this Act shall be construed as impairing or in any manner affecting any right or jurisdiction of the States with respect to the waters (including boundary waters) of such States.

"COMPREHENSIVE PROGRAMS FOR WATER POLLUTION CONTROL

Joint investiga-
tions.

"SEC. 2. The Surgeon General shall, after careful investigation, and in cooperation with other Federal agencies, with State water pollution control agencies and interstate agencies, and with the municipalities and industries involved, prepare or develop comprehensive programs for eliminating or reducing the pollution of interstate waters and tributaries thereof and improving the sanitary condition of surface and underground waters. In the development of such comprehensive programs due regard shall be given to the improvements which are necessary to conserve such waters for public water supplies, propagation of fish and aquatic life and wildlife, recreational purposes, and agricultural, industrial, and other legitimate uses. For the purpose of this section, the Surgeon General is authorized to make joint investigations with any such agencies of the condition of any waters in any State or States, and of the discharges of any sewage, industrial wastes, or substance which may adversely affect such waters.

"INTERSTATE COOPERATION AND UNIFORM LAWS

"SEC. 3. (a) The Surgeon General shall encourage cooperative activities by the States for the prevention and control of water pollution; encourage the enactment of improved and, so far as practicable, uniform State laws relating to the prevention and control of water pollution; and encourage compacts between States for the prevention and control of water pollution.

"(b) The consent of the Congress is hereby given to two or more States to negotiate and enter into agreements or compacts, not in conflict with any law or treaty of the United States, for (1) cooperative effort and mutual assistance for the prevention and control of water pollution and the enforcement of their respective laws relating thereto, and (2) the establishment of such agencies, joint or otherwise, as they

may deem desirable for making effective such agreements and compacts. No such agreement or compact shall be binding or obligatory upon any State a party thereto unless and until it has been approved by the Congress.

“RESEARCH, INVESTIGATIONS, TRAINING, AND INFORMATION

“SEC. 4. (a) The Surgeon General shall conduct in the Public Health Service and encourage, cooperate with, and render assistance to other appropriate public (whether Federal, State, interstate, or local) authorities, agencies, and institutions, private agencies and institutions, and individuals in the conduct of, and promote the coordination of, research, investigations, experiments, demonstrations, and studies relating to the causes, control, and prevention of water pollution. In carrying out the foregoing, the Surgeon General is authorized to—

“(1) collect and make available, through publications and other appropriate means, the results of and other information as to research, investigations, and demonstrations relating to the prevention and control of water pollution, including appropriate recommendations in connection therewith;

“(2) make grants-in-aid to public or private agencies and institutions and to individuals for research or training projects and for demonstrations, and provide for the conduct of research, training, and demonstrations by contract with public or private agencies and institutions and with individuals without regard to sections 3648 and 3709 of the Revised Statutes;

“(4) establish and maintain research fellowships in the Public Health Service with such stipends and allowances, including traveling and subsistence expenses, as he may deem necessary to procure the assistance of the most promising research fellowships: *Provided*, That the total sum authorized to be appropriated for any fiscal year for fellowships pursuant to this subparagraph shall not exceed \$100,000; and

“(5) provide training in technical matters relating to the causes, prevention, and control of water pollution to personnel of public agencies and other persons with suitable qualifications.

“(b) The Surgeon General may, upon request of any State water pollution control agency, or interstate agency, conduct investigations and research and make surveys concerning any specific problem of water pollution confronting any State, interstate agency, community, municipality, or industrial plant, with a view of recommending a solution of such problem.

“(c) The Surgeon General shall, in cooperation with other Federal, State, and local agencies having related responsibilities, collect and disseminate basic data on chemical, physical, and biological water quality and other information insofar as such data or other information relate to water pollution and the prevention and control thereof.

“GRANTS FOR WATER POLLUTION CONTROL PROGRAMS

“SEC. 5. (a) There are hereby authorized to be appropriated for the fiscal year ending June 30, 1957, and for each succeeding fiscal year to and including the fiscal year ending June 30, 1961, \$5,000,000 for grants to States and to interstate agencies to assist them in meeting the

31 USC 529; 41
USC 5.

60 Stat. 810.

costs of establishing and maintaining adequate measures for the prevention and control of water pollution.

“(b) The portion of the sums appropriated pursuant to subsection (a) for a fiscal year which shall be available for grants to interstate agencies and the portion thereof which shall be available for grants to States shall be specified in the Act appropriating such sums.

“(c) From the sums available therefor for any fiscal year the Surgeon General shall from time to time make allotments to the several States, in accordance with regulations, on the basis of (1) the population, (2) the extent of the water pollution problem, and (3) the financial need of the respective States.

“(d) From each State's allotment under subsection (c) for any fiscal year the Surgeon General shall pay to such State an amount equal to its Federal share (as determined under subsection (h)) of the cost of carrying out its State plan approved under subsection (f), including the cost of training personnel for State and local water pollution control work and including the cost of administering the State plan.

“(e) From the sums available therefor for any fiscal year the Surgeon General shall from time to time make allotments to interstate agencies, in accordance with regulations, on such basis as the Surgeon General finds reasonable and equitable. He shall from time to time pay to each such agency, from its allotment, an amount equal to such portion of the cost of carrying out its plan approved under subsection (f) as may be determined in accordance with regulations, including the cost of training personnel for water pollution control work and including the cost of administering the interstate agency's plan. The regulations relating to the portion of the cost of carrying out the interstate agency's plan which shall be borne by the United States shall be designed to place such agencies, so far as practicable, on a basis similar to that of the States.

Approval of State
or interstate plans.

“(f) The Surgeon General shall approve any plan for the prevention and control of water pollution which is submitted by the State water pollution control agency or, in the case of an interstate agency, by such agency, if such plan—

“(1) provides for administration or for the supervision of administration of the plan by the State water pollution control agency or, in the case of a plan submitted by an interstate agency, by such interstate agency;

“(2) provides that such agency will make such reports, in such form and containing such information, as the Surgeon General may from time to time reasonably require to carry out his functions under this Act;

“(3) sets forth the plans, policies, and methods to be followed in carrying out the State (or interstate) plan and in its administration;

“(4) provides for extension or improvement of the State or interstate program for prevention and control of water pollution; and

“(5) provides such accounting, budgeting, and other fiscal methods and procedures as are necessary for the proper and efficient administration of the plan.

The Surgeon General shall not disapprove any plan without first giving reasonable notice and opportunity for hearing to the State water pollution control agency or interstate agency which has submitted such plan.

“(g) (1) Whenever the Surgeon General, after reasonable notice and opportunity for hearing to a State water pollution control agency or interstate agency finds that—

“(A) the plan submitted by such agency and approved under this section has been so changed that it no longer complies with a requirement of subsection (f) of this section; or

“(B) in the administration of the plan there is a failure to comply substantially with such a requirement, the Surgeon General shall notify such agency that no further payments will be made to the State or to the interstate agency, as the case may be, under this section (or in his discretion that further payments will not be made to the State, or to the interstate agency, for projects under or parts of the plan affected by such failure) until he is satisfied that there will no longer be any such failure. Until he is so satisfied, the Surgeon General shall make no further payments to such State, or to such interstate agency, as the case may be, under this section (or shall limit payments to projects under or parts of the plan in which there is no such failure).

“(2) If any State or any interstate agency is dissatisfied with the Surgeon General's action with respect to it under this subsection, it may appeal to the United States court of appeals for the circuit in which such State (or any of the member States, in the case of an interstate agency) is located. The summons and notice of appeal may be served at any place in the United States. The findings of fact by the Surgeon General, unless contrary to the weight of the evidence, shall be conclusive; but the court, for good cause shown, may remand the case to the Surgeon General to take further evidence, and the Surgeon General may thereupon make new or modified findings of fact and may modify his previous action. Such new or modified findings of fact shall likewise be conclusive unless contrary to the weight of the evidence. The court shall have jurisdiction to affirm the action of the Surgeon General or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in title 28, United States Code, section 1254.

Appeals.

“(h) (1) The ‘Federal share’ for any State shall be 100 per centum less that percentage which bears the same ratio to 50 per centum as the per capita income of such State bears to the per capita income of the continental United States (excluding Alaska), except that (A) the Federal share shall in no case be more than $66\frac{2}{3}$ per centum or less than $33\frac{1}{3}$ per centum, and (B) the Federal share for Hawaii and Alaska shall be 50 per centum, and for Puerto Rico and the Virgin Islands shall be $66\frac{2}{3}$ per centum.

62 Stat. 928.

“Federal share”.

“(2) The ‘Federal shares’ shall be promulgated by the Surgeon General between July 1 and September 30 of each even-numbered year, on the basis of the average of the per capita incomes of the States and of the continental United States for the three most recent consecutive years for which satisfactory data are available from the Department of Commerce. Such promulgation shall be conclusive for each of the two fiscal years in the period beginning July 1 next succeeding such promulgation: *Provided*, That the Federal shares promulgated by the Surgeon General pursuant to section 4 of the Water Pollution Control Act Amendments of 1956, shall be conclusive for the period beginning July 1, 1956, and ending June 30, 1959.

“(i) The population of the several States shall be determined on the basis of the latest figures furnished by the Department of Commerce.

“(j) The method of computing and paying amounts pursuant to subsection (d) or (e) shall be as follows:

Method of computation and payment.

“(1) The Surgeon General shall, prior to the beginning of each calendar quarter or other period prescribed by him, estimate the amount to be paid to each State (or to each interstate agency in the

case of subsection (e)) under the provisions of such subsection for such period, such estimate to be based on such records of the State (or the interstate agency) and information furnished by it, and such other investigation, as the Surgeon General may find necessary.

"(2) The Surgeon General shall pay to the State (or to the interstate agency), from the allotment available therefor, the amount so estimated by him for any period, reduced or increased, as the case may be, by any sum (not previously adjusted under this paragraph) by which he finds that his estimate of the amount to be paid such State (or such interstate agency) for any prior period under such subsection was greater or less than the amount which should have been paid to such State (or such agency) for such prior period under such subsection. Such payments shall be made through the disbursing facilities of the Treasury Department, in such installments as the Surgeon General may determine.

"GRANTS FOR CONSTRUCTION

"SEC. 6. (a) The Surgeon General is authorized to make grants to any State, municipality, or intermunicipal or interstate agency for the construction of necessary treatment works to prevent the discharge of untreated or inadequately treated sewage or other waste into any waters and for the purpose of reports, plans, and specifications in connection therewith.

Limitations.

"(b) Federal grants under this section shall be subject to the following limitations: (1) No grant shall be made for any project pursuant to this section unless such project shall have been approved by the appropriate State water pollution control agency or agencies and by the Surgeon General and unless such project is included in a comprehensive program developed pursuant to this Act; (2) no grant shall be made for any project in an amount exceeding 30 per centum of the estimated reasonable cost thereof as determined by the Surgeon General or in an amount exceeding \$250,000, whichever is the smaller: *Provided*, That the grantee agrees to pay the remaining cost; (3) no grant shall be made for any project under this section until the applicant has made provision satisfactory to the Surgeon General for assuring proper and efficient operation and maintenance of the treatment works after completion of the construction thereof; and (4) no grant shall be made for any project under this section unless such project is in conformity with the State water pollution control plan submitted pursuant to the provisions of section 5 and has been certified by the State water pollution control agency as entitled to priority over other eligible projects on the basis of financial as well as water pollution control needs.

"(c) In determining the desirability of projects for treatment works and of approving Federal financial aid in connection therewith, consideration shall be given by the Surgeon General to the public benefits to be derived by the construction and the propriety of Federal aid in such construction, the relation of the ultimate cost of constructing and maintaining the works to the public interest and to the public necessity for the works, and the adequacy of the provisions made or proposed by the applicant for such Federal financial aid for assuring proper and efficient operation and maintenance of the treatment works after completion of the construction thereof. The sums appropriated pursuant to subsection (d) for any fiscal year shall be allotted by the Surgeon General from time to time, in accordance with regulations, as follows: (1) 50 per centum of such sums in the ratio that the population of each State bears to the population of all the States, and (2) 50 per centum of such sums in the ratio that the quotient

obtained by dividing the per capita income of the United States by the per capita income of each State bears to the sum of such quotients for all the States. The allotment of a State under the preceding sentence shall be available, in accordance with the provisions of this section, for payments with respect to projects in such State which have been approved under this section. For purposes of this section, population shall be determined on the basis of the latest decennial census for which figures are available, as certified by the Secretary of Commerce, and per capita income for each State and for the United States shall be determined on the basis of the average of the per capita incomes of the States and of the continental United States for the three most recent consecutive years for which satisfactory data are available from the Department of Commerce.

“(d) There are hereby authorized to be appropriated for each fiscal year the sum of \$50,000,000 for the purpose of making grants under this section: *Provided*, That the aggregate of sums so appropriated shall not exceed \$500,000,000. Sums so appropriated shall remain available until expended: *Provided*, That at least 50 per centum of the funds so appropriated for each fiscal year shall be used for grants for the construction of treatment works servicing municipalities of one hundred and twenty-five thousand population or under.

Appropriation.

“(e) The Surgeon General shall make payments under this section through the disbursing facilities of the Department of the Treasury. Funds so paid shall be used exclusively to meet the cost of construction of the project for which the amount was paid. As used in this section the term ‘construction’ includes preliminary planning to determine the economic and engineering feasibility of treatment works, the engineering, architectural, legal, fiscal, and economic investigations and studies, surveys, designs, plans, working drawings, specifications, procedures, and other action necessary to the construction of treatment works; and the erection, building, acquisition, alteration, remodeling, improvement, or extension of treatment works; and the inspection and supervision of the construction of treatment works.

Inclusion of preliminary planning in construction.

“SEC. 7. (a) (1) There is hereby established in the Public Health Service a Water Pollution Control Advisory Board, composed of the Surgeon General or a sanitary engineer officer designated by him, who shall be chairman, and nine members appointed by the President, none of whom shall be Federal officers or employees. The appointed members, having due regard for the purposes of this Act, shall be selected from among representatives of various State, interstate and local governmental agencies, of public or private interests contributing to, affected by, or concerned with water pollution, and of other public and private agencies, organizations, or groups demonstrating an active interest in the field of water pollution prevention and control, as well as other individuals who are expert in this field.

“(2) (A) Each member appointed by the President shall hold office for a term of three years, except that (i) any member appointed to fill a vacancy occurring prior to the expiration of the term for which his predecessor was appointed shall be appointed for the remainder of such term, and (ii) the terms of office of the members first taking office after June 30, 1956, shall expire as follows: three at the end of one year after such date, three at the end of two years after such date, and three at the end of three years after such date, as designated by the President at the time of appointment. None of the members appointed by the President shall be eligible for reappointment within one year after the end of his preceding term, but terms commencing prior to the enact-

ment of the Water Pollution Control Act Amendments of 1956 shall not be deemed 'preceding terms' for purposes of this sentence.

Compensation.

"(B) The members of the Board who are not officers or employees of the United States, while attending conferences or meetings of the Board or while otherwise serving at the request of the Surgeon General, shall be entitled to receive compensation at a rate to be fixed by the Secretary of Health, Education, and Welfare, but not exceeding \$50 per diem, including travel time, and while away from their homes or regular places of business they may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by law (5 U. S. C. 73b-2) for persons in the Government service employed intermittently.

60 Stat. 808.

"(b) The Board shall advise, consult with, and make recommendations to the Surgeon General on matters of policy relating to the activities and functions of the Surgeon General under this Act.

"(c) Such clerical and technical assistance as may be necessary to discharge the duties of the Board shall be provided from the personnel of the Public Health Service.

"ENFORCEMENT MEASURES AGAINST POLLUTION OF INTERSTATE WATERS

"SEC. 8. (a) The pollution of interstate waters in or adjacent to any State or States (whether the matter causing or contributing to such pollution is discharged directly into such waters or reaches such waters after discharge into a tributary of such waters), which endangers the health or welfare of persons in a State other than that in which the discharge originates, shall be subject to abatement as herein provided.

"(b) Consistent with the policy declaration of this Act, State and interstate action to abate pollution of interstate waters shall be encouraged and shall not, except as otherwise provided by or pursuant to court order under subsection (g), be displaced by Federal enforcement action.

Conferences.

"(c) (1) Whenever the Surgeon General, on the basis of reports, surveys, or studies, has reason to believe that any pollution referred to in subsection (a) is occurring, or whenever requested by a State water pollution control agency or the Governor of any State, he shall give formal notification of any such pollution to the State water pollution control agency and interstate agency, if any, of the State or States where the discharge or discharges causing or contributing to such pollution originates and shall call promptly a conference of the State water pollution control agencies and interstate agencies, if any, of the State or States where the discharge or discharges causing or contributing to such pollution originates and of the State or States claiming to be adversely affected by such pollution.

"(2) The agencies called to attend such conference may bring such persons as they desire to the conference. Not less than three weeks' prior notice of the conference date shall be given to such agencies.

"(3) Following this conference, the Surgeon General shall prepare and forward to all the water pollution control agencies attending the conference a summary of conference discussions including (A) occurrence of pollution of interstate waters subject to abatement under this Act; (B) adequacy of measures taken toward abatement of the pollution; and (C) nature of delays, if any, being encountered in abating the pollution.

"(d) If the Surgeon General believes, upon the conclusion of the conference or thereafter, that effective progress toward abatement of such pollution is not being made and that the health or welfare of persons in a State other than that in which the discharge originates is being endangered, he shall recommend to the appropriate State water

pollution control agency that it take necessary remedial action. The Surgeon General is to allow at least six months for the taking of such action.

“(e) If such remedial action is not taken or action reasonably calculated to secure abatement of such pollution is not taken, the Secretary of Health, Education, and Welfare shall call a public hearing, to be held in or near one or more of the places where the discharge or discharges causing or contributing to such pollution originated, before a board of five or more persons appointed by the Secretary. Each State in which any discharge causing or contributing to such pollution originates and each State claiming to be adversely affected by such pollution shall be given an opportunity to select one member of the board and at least one member shall be a representative of the Department of Commerce, and not less than a majority of the board shall be persons other than officers or employees of the Department of Health, Education, and Welfare. At least three weeks' prior notice of said hearing shall be given to the State water pollution control agencies and interstate agencies, if any, called to attend the aforesaid hearing and the alleged polluter or polluters. On the basis of the evidence presented at such hearing, the board shall make findings as to whether pollution referred to in subsection (a) is occurring and whether effective progress toward abatement thereof is being made. If the board finds such pollution is occurring and effective progress toward abatement is not being made it shall make recommendations to the Secretary of Health, Education, and Welfare concerning the measures, if any, which it finds to be reasonable and equitable to secure abatement of such pollution. The Secretary shall send such findings and recommendations to the person or persons discharging any matter causing or contributing to such pollution, together with a notice specifying a reasonable time (not less than six months) to secure abatement of such pollution, and shall also send such findings and recommendations and such notice to the State water pollution control agency, and to the interstate agency, if any, of the State or States where such discharge or discharges originate.

Public hearings.

“(f) If action reasonably calculated to secure abatement of the pollution within the time specified in the notice following the public hearing is not taken, the Secretary of Health, Education, and Welfare, with the written consent of the State water pollution control agency (or any officer or employee authorized to give such consent) of the State or States where the matter causing or contributing to the pollution is discharged or at the written request of the State water pollution control agency (or any officer or employee authorized to make such request) of any other State or States where the health or welfare of persons is endangered by such pollution, may request the Attorney General to bring a suit on behalf of the United States to secure abatement of the pollution.

Suits on behalf
of U. S.

“(g) The court shall receive in evidence in any such suit a transcript of the proceedings before the Board and a copy of the Board's recommendations and shall receive such further evidence as the court in its discretion deems proper. The court, giving due consideration to the practicability and to the physical and economic feasibility of securing abatement of any pollution proved, shall have jurisdiction to enter such judgment, and orders enforcing such judgment, as the public interest and the equities of the case may require.

“(h) As used in this section, the term ‘person’ includes an individual, corporation, partnership, association, State, municipality, and political subdivision of the State.

“Person”.

“SEC. 9. It is hereby declared to be the intent of the Congress that any Federal department or agency having jurisdiction over any building, installation, or other property shall, insofar as practicable and consistent with the interests of the United States and within any available appropriations, cooperate with the Department of Health, Education, and Welfare, and with any State or interstate agency or municipality having jurisdiction over waters into which any matter is discharged from such property, in preventing or controlling the pollution of such waters.
